Report Admits Loss of Medjidie 20 Miles From Constanza

PREPARE TO MAKE STAND

Important Bridge Over the Danube at Tchernavoda Probably Will Be Scene of Fierce Battle With Von Mackensen's Forces—Serbians Make New Gains In Macedonia

[ASSOCIATED PRESS TELEGRAM]

London, Oct. 24.—On both the north and southeastern Rumanian fronts the sledgehammer blows of the Teutonic allies are rapidly flattening out the Rumanian lines and forcing them back.

In Dobrudja Field Marshal von Mackensen inflicted a severe defeat upon the Russo-Rumanian left flank, driving it to the Tzara Murat district, some 16 miles northwest of Constanza, the Black seaport he captured day before yesterday.

In the center the field marshal also has made notable progress, forcing his way into Mejidie and driving the Russians and Rumanians into the hills to the north, while along the Danube he had drawn appreciably nearer the Tchernavoda bridgehead, by capturing the Danube town of Rashova, nine miles southwest of Tchernavoda. He has taken 6,700 prisoners, 12 cannon and 52 machine guns.

Driving home the attack on the north, Gen. von Falkenhayn reports as a result the capture of Predeal, 10 mils south of Kronstadt on the Rumanian side of the border, and the collapse of the strong resistance th Rumanians have been offering at the southern end of Rothenthurm pass on th frontier south of Hermannstadt. On the northwestern Rumanian front the Russo-Rumanian forces apparently are holding their own. Bucharest reports them on the offensive in the Oituz vaiy where several hundred prisoners and ten machine guns were captured from Gen. von Falkenhayn's troops.

Virtually the entire Constanza-Tchernavoda railway line in Dobrudja is now in the hands of Mackensen's victorious forces, it appears from a Russian official statement today admitting the evacuation of Medjidie by the Russians and Rumanians. Medjidie is approximately 20 miles inland from Constanza, the Black sea port and terminus of the railway the fall of which to the armies of the central powers was reported yesterday. Medjidie furthermore, is but little more than thirteen and one-half miles from Tchernavoda where the Russo-Rumanian forces are apparently preparing to make a stand at the bridgehead protecting the town. The only bridge over the Danube between Belgrade and the sea spans the river at Tchernavoda, carrying the railway line running to Bucharest.

The Russo-Rumanian line now runs along the heights north of Constanza and Medjidie, according to the Petrograd announcement, the entente forces having fallen back upon these ridges after evacuating the towns.

The Somme front situation was little changed over night. London reports that the British have fully consolidated the ground gained by them yesterday in the neighborhood of Guedecourt and Les Bouef where the capture of 1,000 yards of German trenches was reported.

There was no infantry action along the French lines in the Somee region, the most important happening between the development of a spirited artillery duel south of the river in the area between Blaches and Ablaincourt.

The Serbians have made new gains in their campaign for Monastir, according to today's Paris report on operations in Macedonia, stopping a German-Bulgarian counterattack in the Cerna valley region and then taking the offensive themselves and capturing several trenches.

Berlin describes the British and French operations on the Somme front yesterday as another attempt to break the German lines by the employment of large masses of troops and declares the effort failed with heavy casualties north of the Somme, rows of dead being piled up on the field.

The French attempt south of the river is asserted to have broken down in its inception.

London reported yesterday's fighting as having resulted in a British gain of 1,000 yards of German trenches east of Guedecourt and Les Boeuf of which General Haig's troops clinched during the last night. Paris reported a French advance near Morval, north of the Somme and mentioned only an artillery duel south of the stream.

Berlin calls attention to French activities on the Verdun front as attempts to affect the operation along the Somme. It declares the French were prevented by artilry fir from attacking, as they had planned.

Paris records considerable aerial activity in the Verdun region, chronicling 20 aerial engagements in which three German machines were brought down.

OHIO SUGAR SHIPPED.

Fremont, Oct. 24.—Seventy-five tons of sugar, the first of this year's sugar manufactured from beets, was shipped from here today.

Health Workers Study Prevention Of Child Plague

[ASSOCIATED PRESS TELEGRAM]

Cincinnati, Oct. 23.—About one thousand physicians, health officers, social workers and others interested in public health were present when the forty-fourth annual convention of the American public health association was called to order here today. Sessions will continue four days.

Included in the list of delegates are health officers of the leading cities, executive officers of most of the state and provincial health departments, officials of the United States and Canadian health services, bacteriologists, chemists, sanitary engineers and sociologists. Dr. Frederick Montizambert, director general of public health of the Dominion of Canada and Dr. E. P. La Chapelle, president of the provincial board of health, province of Quebec, Canada, attended the opening meeting.

The study of infantile paralysis and its prevention will be taken up by the convention as will various phases of public health work.

One of the speakers on today's program was H. W. Conn, director of the laboratories of the Connecticut state board of health.

FATHER RESCUES GIRL FROM PEN OF ANGRY BULL

Ruby Price, aged 12 years, was seriously injured at her home near Chatham Monday afternoon when an angry bull threw her to the ground and pinioned her against the side of his pen.

The child, who is the daughter of Mr. and Mrs. C. K. Price of Chatham and the niece of Mr. D. Jones of Elmwood avenue, has been used to playing about the farm. Monday afternoon she entered the bull pen and the animal becoming infuriated attackd her. She was thrown against the side of the pen and was injured about the stomach and body. But for the presence of her father nearby she would probably have been kiled. He ran to her assistance and after the animal had knocked two boards off the pen she was rescued.

A physician was called, who dressed her injuries and she is resting more comfortably today.

CHURCH TO LOOK AFTER FOREIGNERS COMING TO U. S.

[ASSOCIATED PRESS TELEGRAM]

St. Louis, Oct. 24.—A church department of immigration which would minister not only to the spiritual welfare but also to the physical needs of immigrants coming to the United States, will be a part of the organization of the protestant episcopal church if a memorial submitted to the general convention in session here today is adopted. The memorial, coming from the diocese of Washington, D. C., is one on the calendar of the house of deputies of the conclave for discussion today.

It asserts that many students of the situation believe that the close of the European war will bring aliens to the United States in larger numbers than ever before in history. With these people facing new problems in a strange land, it continues, there is a large and fertile field for the work of the church.

It was expected that discussion of the revision and enrichment of the book of common prayer, temporarily set aside in the house of deputies last week, would be resumed today.

Final adjournment of the convention has been set for 5 o'clock next Friday afternoon.

ASKS TO DROP CHARGE AGAINST POLICE CHIEF.

[ASSOCIATED PRESS TELEGRAM]

Chicago, Oct. 24.—Arguments are to be made before Chief Justice Olson of the municipal court today on the question of whether the charges brought against Chief of Police C. C. Healey and others by States Attorney Maclay Hoyne may be withdrawn. Mr. Hoyne asked permission to dismiss the case which has been under way for several days, after the grand jury had indicted Chief Healey and two others yesterday. The court decided that there was a question as to whether this could be done.

Charles T. Essig, secretary of the Sportsmen's Club of America, who with the police chief and the latter's secretary, William Luthardt, was indicted for conspiracy to conduct gambling institutions, is to appear in the criminal court today and give bond. The others did so last night.

TERMS OF NEW BRITISH LOAN TO BE FLOATED HERE.

[ASSOCIATED PRESS TELEGRAM]

New York, Oct. 24.—Official announcement of the terms of the new loan to Great Britain by American financiers is expected here before the close of the week. The amount will be $250,000,000 or $300,000,000 it is understood, bearing 5 per cent interest with the issuing price at 99 and maturing in two years. As security, collateral representing between $325,000,000 and $350,000,000 will be offered under tentative plans made public unofficially today. This would consist of American stock and bonds mobilized by the British treasury and Canadian issues and obligations of neutral countries.

The suggested terms are virtually the same as those arranged when Great Britain borrowed $250,000,000 in the United States last August.

AVIATION

Student Loses Life in Lost Flight in Test for Pilot's License

PROMINENT POLO PLAYER

Machine Plunged Into Delaware River and Aviator Was Pinned In Wreckage—Gave Up Polo Last Spring to Devote Time to Aeronautics — Prominent In Social Circles

[ASSOCIATED PRESS TELEGRAM]

Philadlphia, Oct. 24.—Alexander Brown, the widely known polo player of this city fell from his aeroplane into the Delaware river at Essington below this city today and was drowned.

Brown, along with a number of other wealthy Philadelphians, had been making frequent flights at Essington. He was in the aid last night and today's flight was to have been his last in a test for a license. Brown was about one hundred feet up when watchers noticed that something was wrong and a moment later the machine dropped into the river.

Attaches of the aviation school rushed in a speed motor boat to the spot where Brown fell but only the tips of the wings of the machine were visible. The machine was raised and Brown was found wedged tighly between stanchions. Efforts at resusciation failed.

Mr. Brown not only had an international reputation as a polo player, but was also known as a big game hunter. He was prominent in social circles of this city, New York and Newport.

Last May Mr. Brown announced his decision to dispose of his string of polo ponies and devote himself to aviation. He attended the Plattsburg camp last fall and became keenly interested in the plans of a group of society men and sportsmen who fitted up the aviation school in connection with the movement for national preparedness. He not only flew his own aeroplane, but devoted himself to making the school successful in every where.

From the standpoint of the polo enthusiastic Mr. Brown's retirement was regarded a positive loss. He was one of the most highly handicapped polo players in this section of the country. He aided in bringing the national polo tournament to the Philadelphia country club this fall, and was captain of the Bryn Mawr polo club team last year and the previous year. His performances with the mallet, his horsemanship and his knowledge of the strategy of polo made him a formidable played for a number of seasons. He was about 40 years old and is survived by a widow.

LAKE VESSELS TO SEARCH FOR BODIES OF STORM VICTIMS.

[ASSOCIATED PRESS TELEGRAM]

Toledo, Oct. 24.—All vessels leaving this port were given instructions this morning to keep a sharp lookout for bodies of victims of last Friday's storm on Lake Erie. Members of the Lake Seamens' Union, the Great Lakes Towing company, the Firemen and Oilers' Union and the Lake Carriers' Association, met last night and voted to assist in the recovery of bodies and in rescue work.

Incoming vessels last night reported Lake Erie literally strewn with wreckage. Several bodies have been recovered. Others have been sighted but because of the rough sea it has been impossible to pick them up.

WOW! DISHES TO FOLLOW FOOD IN SKYWARD CLIMB.

[ASSOCIATED PRESS TELEGRAM]

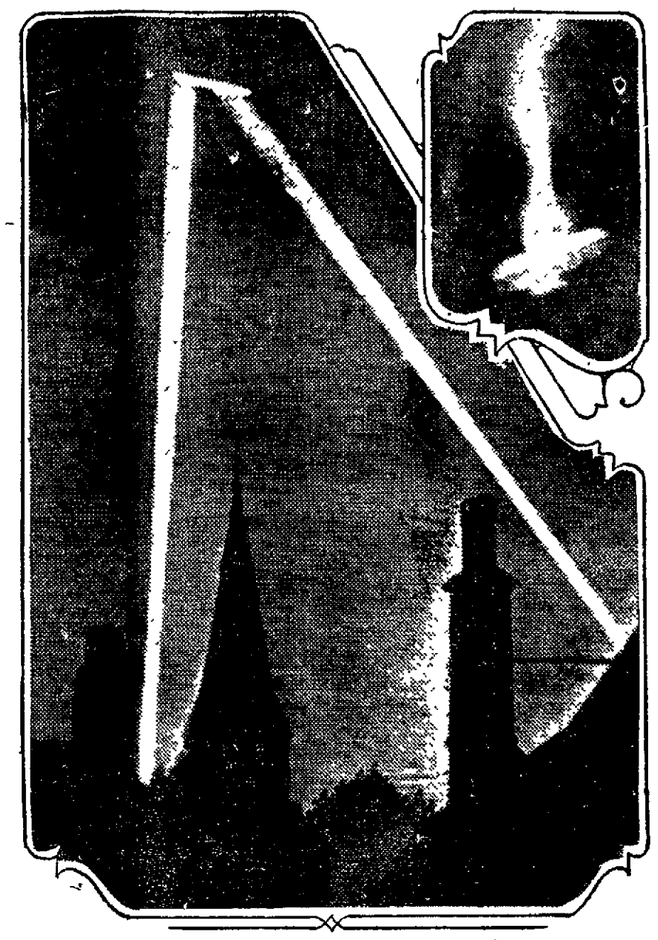
East Liverpool, O., Oct. 24.—Many potteries engaged in the manufacture of tableware today notified their customers of a general advance of twenty per cent. in selling prices. All goods are to be sold on the lists now in force, and twenty per cent., will be added to invoices. There will be no discounts based on the time of payment. This is the third increase in the tableware trade this year, the first of five per cent. having been made in March, and the second, also of five per cent in July. Continued advance in the price of all things entering into the manufacture of potttery, including a wage increase of ten per cent. last week, is assigned as the cause of the new prices. Potteries in Ohio, West Virginia, Pennsylvania, New York, New Jersey and Maryland are affected.

DO THEY USE THE MILK SUPPLY FOR WALNUT STAIN?

[ASSOCIATED PRESS TELEGRAM]

Elyria, O., Oct. 24.—The problem of shucking walnuts without staining the hands has been solved by C. O. Merry. He has put a cow that is fond of walnut shucks in a pasture in which there is a large walnut tree. The cow chews off the shuck, swallows it and leaves the nut, clean and ready for use. The cow shows no signs of being deranged and gives milk of a superior quality. Mr. Merry is looking around for a convenient butternut tree with a view to trying a still more novel experiment.

HOW BRITISH BAGGED A ZEPP IN WEE MORNING HOURS AT CUFFLEY, ENGLAND



Zeppelin in rays of searchlights; machine descending a few moments later.

These photographs, taken at Cuffley, near London, show how the British are bagging the night prowling Zeppelins that have been making periodic visits to England. The large photo shows powerful searchlights playing on the Zeppelin several thousand feet in the air. The insert shows the same machine a few minutes later after it had been hit by anti-aircraft guns. The Zeppelin was a complete wreck and all the members of her large crew were killed.

BILLIE BURKE'S DAUGHTER ALSO HAS RED TRESSES

[ASSOCIATED PRESS TELEGRAM]

New York, Oct. 24.—Baby's hair is also red. That is to say that the tiny head of a girl baby born yesterday to Billie Burke is adorned with floss the same color as the lustrous tresses of her mother. It was announced that both mother and baby are doing nicely. In private life the actress is Mrs. Florence Ziegfeld.

GERMANS DRIVE BACK BRITISH ON THE SOMME FRONT

[ASSOCIATED PRESS TELEGRAM]

Berlin, Oct. 24.—(By wireless to Sayville.)—In an attempt to break through the German lines on the Somme front at any cost, the British and French yesterday used great numbers of troops in repeated attacks, the war office announced today. Their assaults broke down with heavy losses.

The defeat of the allies was so severe, the statement says that all along the front the dead are lying in one row after another. South of the Somme a French attack met with similar results.

German and Austro-Hungarian forces after a violent engagement south of Kronstadt, Transylvania, yesterday, captured Predeal, says the German official statement issued today. Six hundred prisoners were taken.

The capture of the Rumanian town of Rasnova in Dobrudja on the Danube below Tchernavoda was announced today by the war office.

Medjidie, on the Tchernavoda-Constanza railroad also has been captured. The army of Field Marshal von Mackensen has taken prisoner more than 6700 Rumanians and Russians.

VILLA DEFEATS CARRANZA TROOPS NEAR CHIHUAHUA.

[ASSOCIATED PRESS TELEGRAM]

El Paso, Oct. 24.—Passengers from Chihuahua City who are in Juarez, Mexico today said that Gen. Ozuna last Monday proceeded against Francisco Villa with three parallel columns, of which he commanded the center. Nothing is known in Chihuahua of the flanking columns, they declared but the center was driven back by Villa with heavy losses to Fresno, four miles outside the city.

A number of foreigners were on the train who said the Carranza troops there were reported short of ammunition. It was also said that a special train had brought the family of General Trevino from Chihuahua to Juarez last night.

HUGHES LEAGUE NOW HAS 50,000 MEMBERS

Chicago, Oct. 24.—A report given out at western Republican national headquarters today states that the Hughes national college league now has 50,000 members, which includes 10,000 Progressives and 2,000 Democrats.

PRESIDENT IS TO BE HERE NEXT FRIDAY

President Wilson is to be in Newark for a short time next Friday morning on his way to the Atlantic coast from Cincinnati.

The Presidential party will reach Cincinnati at 11:30 a. m. Thursday and will leave over the Baltimore & Ohio railway at 3:30 a. m. Friday reaching Newark between 7 and 8 o'clock. The exact time is to be given later. The train will run as a special and will consist of the President's car, a Pullman for newspaper and secret service men, a diner and a combination car. At Cincinnati last night the Woman's City club announced that all tickets for the luncheon given in honor of President Wilson at the Hotel Gibson have been sold.

It is probable that the President's special will remain in Newark only a few minutes, but the hour of the train's arrival is such that those who visit the station will no doubt have an opportunity to see and perhaps hear the President speak a few words.

RIOT TRIALS IN LIMA; SPEAKER WAS IDENTIFIED

[ASSOCIATED PRESS TELEGRAM]

Lima, O., Oct. 24.—Milton Spyker, according to testimony offered today in the riot trial here, was the man who addressed the mob from the courthouse steps on Aug. 30, preceding the reign of violence in which Sheriff Sherman Eley was manhandled and threatened with lynching because he refused to deliver into the hands of the mob the prisoner, Charles Daniels, negro, alleged assailant of Mrs. Vivian Baber. P. M. Driver, insurance man, testified he saw Spyker mount the steps and heard him urge the rioters to follow Daniels if attempts were made to remove him from the county jail. About 20 Lima policemen were to testify today.

OHIO WILL GIVE WILSON 100,000 SAYS EX-GOV. COX.

[ASSOCIATED PRESS TELEGRAM]

Columbus, Oct. 24.—Former Governor Cox toured Franklin county by automobile today, accompanied by more than 100 local Democrats in 25 machines. Cox in his speeches predicted Woodrow Wilson would carry Ohio by 100,000 plurality. Congressman Brumbaugh was slightly injured on the automobile tour when another machine ran into the one in which he was riding.

MILLERSBURG MAN VICTIM OF CROOKS.

[ASSOCIATED PRESS TELEGRAM]

Cincinnati, Oct. 24.—Federal officers and city detectives who made an arrest today at the Pennsylvania depot alleged that an attempt to swindle George Palmer, a farmer of Millersburg, Ohio, out of $5,000 by a "wire tapping" trick was frustrated. The man is held on suspicion pending further investigation of the case. Palmer in fear of his life came to Cincinnati.

RUMANIA

Suffers Hard Blow in Loss of Black Sea Port to Central Powers

GOT HER SUPPLIES THERE

Russia Used Constanza As Means of Sending Supplies to Rumanian and Russian Soldiers Defending Dobrudja—Teutons Practically Control Railroad to Tchernavoda

[ASSOCIATED PRESS TELEGRAM]

Berlin, Oct. 24, (by wireless to Sayville).—Commenting on the victory of Field Marshal Van Mackensen's armies in the Rumanian province of Dorbrudja, the military critic of the Overseas News Agency writes:

"The capture of Constanza by Bulgarian, German and Turkish troops under command of Field Marshal von Mackensen is the hardest blow Rumania has received during the entire campaign. Through it the Rumanians have lost their largest seaport, a port noted in international trade for shipment of grain and petroleum. Simultaneously the Rumanians lost their main line of communication with Russia by way of the Black Sea, a loss which is bound to have a far reaching consequence for Rumania in carrying on her military operations.

"Russia has been able to send her ally by way of Constanza in large steamers, material and men which then found their way into interior Rumania on the main railroad line from Constanza to Bucharest. The marine transports are now limited in their operations to Sulina and the Danube ports where only vessels of small tonnage can dock and unload.

"In addition to this general influence on the Rumanian warfare however, the loss of Constanza is of decisive importance as regards the military situation in Dobrudja. The railroad line from Constanza to Tchernavoda is already partly in the hands of the allied Germans, Turks and Bulgarians. East of Murfaltar this line has already been crossed by the attacking armies and Von Mackensen's left wing is approaching Tchernavoda. For these reasons the section of the railroad between Murfaltar and Tchernavoda is also apparently without value to the Rumanians. Thus the quick transport of troops and artillery to especially threatened points of the Dobrudja front is rendered impossible. Furthermore, an excellent base of operations has been taken from the Rumanians and Russians."

"The encircling movement by Teutonic forces at Hermanstadt changed the Transylvanian adventure of the Rumanians into a speedy and complete defeat. In the same way the capture of Constanza and the interruption of railroad communication for the Rumanians constitutes a decisive blow to them in the Dobrudja theatre. The advance planned by the Rumanians and Russians through Dobrudja against the Bulgarians and the line of communication between Sofia and Constantinople has been frustrated."

SEARCHING PARTY FINDS WRECK OF SUNKEN SHIP.

[ASSOCIATED PRESS TELEGRAM]

Cleveland, O., Oct. 24.—The government coast guard cutter Morrell, sent from Cleveland Monday to patrol Lake Erie in search of bodies of the crews of three of four vessels wrecked in Friday's storm, reported by wireless today that she had found the mast of a sunken steamer ten miles southeast by east of the southeast shoals light ship.

The steamer, the report said, was unquestionably the Merida, which went down with her crew of twenty-three men.

The mast protruded six feet from the water and soundings showed the vessel lay in six and one quarter fathoms.

The wireless said no bodies or wreckage had been sighted between the lightship and Rondeau and that the cutter was proceeding eastward.

U-53 SUNK OFF SYDNEY BY PATROL BOAT SAYS RUMOR.

[ASSOCIATED PRESS TELEGRAM]

Boston, Mass., Oct. 24.—Captain W. G. Tudor, of the British steamship Hochelaga which arrived here today from Louisburg, said that before he left Nova Scotia persistent rumors were current that the German U-boat-53 had been sunk off Sydney, N. S., by the Canadian patrol boat Stanley. He said he heard the rumors several times but was unable to verify it.

Captain Tudor said no mention was made of the fate of the submarine's crew.

SAFE BLOWERS FAIL.

Wooster, O., Oct. 24.—After blowing off three doors of the vault of the Holmesville bank at Holmesville, Holmes county, burglars were scared away when the noise of the last explosion aroused the village. A fourth door of the vault prevented them from reaching the $4000 it contained.

STRIKE

Now Threatens to Tie Up Traffic on Railroads of Canada

GOVERNMENT IS ALARMED

Trainmen Vote to Quit Work Wednesday at 5:00 O'Clock—Officials of Government Recognize Seriousness of Situation and Appeal to Employes and Railroads to Avert Strike

[ASSOCIATED PRESS TELEGRAM]

Ottawa, Ont., Oct. 24.—With the movement of troops, munitions and crops involved in the threatened strike of the trainmen of the Canadian Pacific railway, the ministers of the government assembled today at an emergency cabinet meeting to deal with the situation. The government is endeavoring to formulate some plan to avert a tie up on the system, which extends across the dominion.

The trainmen have voted that a strike shall begin Wednesday afternoon at 5 o'clock. Efforts to bring men and the company together, and to induce the employes to defer action in order to provide time for discussion, have failed.

Later the cabinet issued a public appeal to both sides to reach a settlement.

This appeal, asserting that the government regards the situation "as a matter of grave concern" and recognizing that the rights of the trainmen and the road are "entitled to every consideration," declares that the rights of the public also must be taken into count. The appeal follows:

"The government cannot forget its duty as guardians of those rights. This duty is especially imperative in time of war. Before taking an active step to prevent public disaster, the government appeals once more to the company and the employes that such settlement will be made that will prevent the threatened strike."

DEAD PREMIER IS EULOGIZED; VIENNA MOURNS HIS DEATH.

[ASSOCIATED PRESS TELEGRAM]

Berlin, October 24.—(Wireless to Sayville.)—A service in memory of the Austrian premier Count Karl Stuergkh, who was assassinated last week, was conducted in the Austrian parliament building at Vienna today. The president of the chamber of deputies, Dr. J. Sylvester, eulogized the late premier for his loyalty and energy. He was followed by Dr. E. Pernerstorfer, vice president of the chamber, who said in the name of the socialist party:

"We always considered the late Prime Minister as our political antagonist but the principals and traditions of the socialists are opposed to deeds of terrorism. We disapprove the assassins deed, from a political standpoint, and express the deepest and most sincere regret at the tragic fate of the man who, whatever may be said as to his policies, worked for his country with unswerving zeal and in accord with his convictions. We express deep sympathy for his family and all who were near him."

WHAT THE DOCTOR KNOWS

KIDNEYS MUST BE RIGHT TO INSURE HEALTH.

Few people realize to what extent their health depends upon the condition of the kidneys.

The physicians in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's Disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in one year, in the State of New York alone. Therefore, it is particularly necessary to pay more attention to the health of these important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

When your kidneys require attention, get Swamp-Root at once from any pharmacy. It is sold by every druggist in bottles of two sizes—50c. and $1.00.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Newark Daily Advocate.—Advertisement. 10-17-19-24-26

BATTLE

ON RUMANIAN FRONTIER DESCRIBED BY ASSOCIATED PRESS CORRESPONDENT WITH TROOPS.

Teutonic Artillery Fire Was Highly Effective and Infantry Attacks With Vigor Taking Mountain Positions.

[ASSOCIATED PRESS TELEGRAM]

At the Head of Predeal Pass, Rumanian Frontier, With General Von Falkenhayn's Army, October 18.—(By courier to Berlin, via London, October 24, 10:25 A. M.)—In yesterday's battle around Predeal pass, the Associated Press correspondent visited various German and Hungarian battery positions where the men, undisturbed by Rumanian fire, kept up a fearful bombardment of the opposing position in the campaign for the invasion of Rumania. The men went at their work in almost a holiday spirit, for it is with a sense of deep relief that the Germans and Hungarians here, officers and men alike, have left behind them the trench warfare of other regions and thrown themselves into open field maneuvers against the Rumanians.

It was scarcely believable that after two years of strenuous life at the front infantrymen should rush to the assault with songs, yet it is a fact, to which the universal feeling here of dealing with a foe who has yet to learn every trick of modern warfare contributes much. Though the German and Hungarian infantrymen were about to rush into the fire of Rumanian rifles and machine-guns, they viewed the situation complacently, saying the forst of open field work was preferable to trench drudgery.

The Predeal battle is one of the few open field actions witnessed in this war by correspondents who are able to approach within less than 3000 yards of the skirmishing line. At 11 a. m. German artillery opened a desultory fire on the Russian trenches on Susaiul mountain, 5000 feet high, which an hour later reached its maximum fury. The fire was then directed mainly against the trenches some five hundred feet below the summit. For a quarter of an hour the Rumanians stuck to their trenches. Word coming from the artillery spotters that the Rumanians thus far seemingly had not been impressed, the artillery increased its fire. The Rumanian infantry still held on for a time but finally broke across the slope like a swarm of ants, as the German and Hungarian infantry came in view. German artillery followed up the fleeing Rumanians with shrapnel and the manner in which the fire pursued the Rumanians appeared almost uncanny.

On a ridge leading from Susaiul mountain the Rumanians finally reached their second position. A lull ensued. A few minutes before 2 p. m. it was decided to resume operations. German artillery, ably supported by some Hungarian batteries, repeated the work of the morning and the infantry then rushed forward. In a comparatively short time the objective was gained.

The ground being extremely difficult, the Rumanians endeavored to forward infantry reinforcements through the town of Predeal with the result that heavy German and Hungarian guns inside of fifteen minutes blew up half of the town. The Rumanian forces were obliged to seek shelter in the forset above the town, passing through German infantry fire at long range.

The losses of General von Falkenhayn's army are said to have been light.

Bouquets For The C. Of C. Bulletin; Shows Much Work

The first issue of the Newark Buckeye has made a hit not only among the members of the Newark Chamber of Commerce, but among the 150 commercial organizations in that many cities from Canada to the Gulf and from the Atlantic to the Pacific coast. These organizations are on the Newark Chamber of Commerce reciprocal relationship list, and Newark members when visiting these cities are entitled to courtesies upon the presentation of their membership cards, which are of much social and business value.

Here are a few of the nice things that have been said about the Buckeye:

"The Buckeye has the same old snap as the Altoonagram. Furthermore, it shows your Chamber is already in high speed."—Robert Wadsworth, Secy. Chamber of Commerce, Youngstown, O.

"The Buckeye looks as though it came out of the office of an organization almost old enough to vote. Have you been doing any sleeping at all?"—J. Kennard Johnson, Secy. Chamber of Commerce, Johnstown, Pa.

"Your bulletin is fine. It shows that you have been busy since you took up your work at Newark."—Carl W. Ullman, Secy. Chamber of Commerce, Salem, O.

"The Newark Buckeye looks good to me. Have read with particular interest. Dividends for First Six Months,' and certainly your organization has right to be very proud of these accomplishments. It is a wonderful record."—Geo. W. Gillette, Secy. Chamber of Commerce, Columbus, O.

ASSETS OF OVER $2,000,000.00

In this "OLD HOME" Building Association of Newark, show the extent of the service we are rendering to the people of this community.

Rightly considered these assets also show more forcefully than any argument, that saving is practical for our people, and how tremendously small savings pile up.

4% OLD HOME

In the last thirty-six years we have handled many millions of dollars of savings with not a penny of loss to a single depositor.

We have loaned the money for the building of hundreds of homes and have helped many farmers to extend or improve their farms.

Can we not serve you either as a saver or a borrower?

We want both.

BANKS EASILY MAY BE PUT IN POSITION TO MEET DEMANDS AFTER WAR.

Member of Federal Reserve Board Discusses Management of Gold Supply to Meet Drain.

[ASSOCIATED PRESS TELEGRAM]

Indianapolis, Ind., Oct. 24.—The management of the Gold Supply of the country to meet the foreign drain which is expected after the close of the war was discussed today by A. C. Miller, of Washington, a member of the federal reserve board before the Indiana state bankers association which opened its annual session here this morning. He expressed the opinion that the United States will be able to meet all demands which will be made without serious difficulties or disarrangement of the system in this country.

"There are many different angles to the problems of international finance which may be expected to affect us after the war," Mr. Miller said. "There is one in particular, however, which has riveted the attention of banking circles of late and been regarded by many as of such vital concern as to make it a problem of great urgency. It is the problem of devising effective ways of dealing with our gold supply."

Mr. Miller said questions which will arise are, where is the gold to come from and what is the precesses by which it will be obtained?" He continued: "To raise the gold lending power of the reserve banks to the point which would be necessary to enable them to meet (what is, however, in view of present probabilities unlikely), possible demands of $500,000,000 or $600,000,000 approximately $400,000,000, would have to be added to the reserve banks deposits in order to give them, after setting aside the necessary reserve of 35 per cent, additional free gold to the amount of $260,000,000.

"This amount can be spared from vault cash now carried by member banks without unduly reducing their holdings of till money, and therefore presents the basis for the solution.

"Gold lost by the banks to meet the foreign demand would be replaced by mobilizing a part of the present floating supply of the community into their hands. This process would be facilitated by the ease with which federal reserve notes could be issued to fill the void created by the withdrawal of gold or other forms of currency.

"An important element of strength in protective capacity of the country against an undue drain of gold is the heavy holding of foreign government obligations which run off in the next few years.

"The conclusion warranted by this usrvey is that the reserve banks can easily, with the co-operation of their member banks be put in a position where they can master any situation which may arise."

City Finances To Be Discussed By C. Of C. Committees

The Newark Chamber of Commerce has been asked to send representatives to a meeting to be held in Columbus, Wednesday afternoon at 2 p. m., November 15, in the rooms of the Columbus Chamber of Commerce for a preliminary discussion of the subject of Municipal Finances.

This meeting is called by the city finance committee of the Youngstown Chamber of Commerce at the request of Chamber of Commerce representatives from 33 Ohio cities, Newark included, who met in Cleveland during the last week in September for a preliminary discussion of this subject.

A program is now being prepared for the Columbus meeting in which will be present representatives of the Chambers of Commerce of Ohio, the Ohio Municipal Lague and the State Grange. It is only through some co-operative plan that relief for the Ohio cities will ever be secured.

President Beggs will appoint a commitee to represent Newark at this meeting.

Grand Theatre Is Redecorated By Local Firm

The Grand theatre in South Park Place has been handsomely redecorated by Hurbaugh & Klecker, contracting painters and paper hangers. The walls are handsomely finished in old god with a two-inch border running through the center in bas-relief of plaster of paris which has been gilded. Decorative art pieces also are placed at intervals along the walls. The ceiling has also been decorated, tinted with colors which gives it the appearance of blending into the walls.

Manager A. L. Thomas, who is recognized as one of the foremost picture men in Central Ohio, also has other improvements in contemplation which will make the theatre an ideal place for movie fans. Chief of the improvements will be the instalation of the latest improved ventilation system, which has been used with a great degree of success by the larger theatres in the big cities. Manager Thomas is also running a series of pictures the films of which are shown for the first time, coming direct to this city from the factory.

NEED FOUR JURORS IN TEXAS MURDER CASE NOW ON TRIAL.

[ASSOCIATED PRESS TELEGRAM]

Galveston, Tex., Oct. 24.—Only four jurors remained to be chosen when court reconvened today in the case of John Copeland, Marshall, Texas, bank cashier charged with killing Wm. Black, an anti-Catholic lecturer, at Marshall early last year. Reading of the indictment and the taking of testimony were expected to follow quickly.

Statistics show that there are fewer suicides among miners than among other class of workers.

ATTENDANCE AT FARM LUNCHEON WILL REACH 125

John C. Krieg, Secretary of the Agricultural Bureau of the Chamber of Commerce, is asking the 100 or more members to make their reservation at the earliest moment for the luncheon meeting to be held in the Masonic Temple, Thursday noon, when the Licking County Farm Bureau will be organized. Thus far, Mr. Krieg has received acceptances from 50 members of the agricultural bureau and he is urging the remainder to let him know in time to make the proper arrangements with the caterer.

Prof. Homer C. Price, chairman of the Chamber's Agricultural Bureau has obtained the following speakers for the occasion:

Clark S. Wheeler, head of the Extension Service of the State University, who spoke last week to Group Five, Ohio Bankers Assn., when they met here; Charles E. Thorne, head of State Experiment Station, Wooster, Ohio, and M. C. Thomas, County Farm Agent, Marion, O.

Others who have accepted invitations to be present are F. H. Ballon, Cary W. Montgomery, the three county commissioners, two representatives from the 26 subordinate granges and two from Pomona grange; also the presidents and secretaries of the farmers institutes of the county. With the visitors and the members of the Chamber, the attendance is expected to reach 125.

Visitors will gather at Chamber of Commerce headquarters, where luncheon tickets will be provided, and shortly before noon will leave for the Masonic Temple. Luncheon will be served at 12:15. Luncheon tickets to Chamber members will be 50 cents.

Fish Rolled In Plaster Of Paris By Amateur Chef

Joseph Sachs, Frank Dunn and three other young men employed at the Pharis Tire and Rubber company plant in West Main street went to the lake Sunday to enjoy a fish fry at the cottage of a friend who had kindly turned it over to them for the day. Mr. Dunn informed his companions that he didn't know much about fishing, but as a chef his culinary ability could not be excelled. Therefore he proposed that his companions catch the fish while he prepared the table and would then take charge of the fry.

The four men had their lines in the water bright and early, having arrived on the 7:30 o'clock car. They fished industriously until after 10 o'clock and had a fine string all ready for the chef. The latter cleaned them nicely all ready for the skillet. He then went to the closet for flour to roll them in. Here is where Chef Dunn made the fatal mistake. He knew that fish ought to be rolled in flour, but he was short of knowledge as to just what flour was composed of. If he had only have tasted the sample, things would have been different.

Cheff Dunn had two big skillets on the stove bubbling over with hot lard. He rolled his fish in the "flour" and dropped them in the skillets. After they had fried awhile he tested them with a fork but nary a dent could he make with the prongs, for the fish had been rolled in plaster of paris. Five young men went dinnerless. Not quite perhaps, for they had several loaves of rye bread. Five young men took oath at the point of a revolver held in Chef Dunn's hand that they would never reveal the story of fish rolled in plaster of paris, but it leaked out just the same.

HIP NOT BROKEN X-RAY REVEALS A SEVERE SPRAIN

John O. Hart, 263 Buena Vista street, Baltimore & Ohio engineer, who was injured in a fall from the running board of his engine in Mansfield, Saturday, did not sustain a fracture of the left hip, as at first reported. He was brought to Newark and taken to the City hospital.

Yesterday Mr. Hart was moved from the hospital in Bazler's ambulance to the office of Dr. W. H. Lewis, where an X-ray picture of the injury disclosed that instead of a fracture, Mr. Hart had suffered a severe sprain to the hip. He was later removed to his home.

BIRTH OF NATION CAN'T BE SHOWN HERE SAYS COURT

[ASSOCIATED PRESS TELEGRAM]

Columbus, Oct. 24.—The supreme court of Ohio today dismissed the "Birth of a Nation" film case, holding that there is no law by which the court can decide whether the order of the Ohio board of censors restraining the producers from showing the film in this state is reasonable or unreasonable.

The action was brought to the supreme court on a petition of the Epoch Producing company asking that the order of the board of censors against the showing of the film be overruled. In dismissing the petition, the court, for the time being at least, has virtually ruled that the film cannot be shown in Ohio, as the decision made today leaves the power of the board of censors unmodified.

Members of the Ohio board of moving picture censors interpreted the decision of the supreme court in "The Birth of a Nation" case as giving them final jurisdiction in passing upon films for exhibiton n the state. The court provision in the Ohio law for witnessing the film in question and therefore held it could not review the decisions of the censors. The Epoch Producing company was required to pay the costs in "The Birth of a Nation" case.

RELIGION IN JAPAN IS DISCUSSED BY TOLEDO MEETING.

[ASSOCIATED PRESS TELEGRAM]

Toledo, Oct. 24.—"Shall Christian or Athletic Ideas Rule Japan?" was one of the first questions to be discussed by the American board of commissioners for foreign missions, which opens its 107th annual convention here this afternoon. The question will be taken up by the Rev. Helton Pedley, for 27 years a missionary in Japan, and by the Rev. M. D. Dunning, who for fourteen years has taught in Doshisha, Kyoto, Japan.

The board is one of the oldest foreign missionary organizations of the United States representing the congregational churches.

The meeting will close next Friday morning with addresses on conditions under the Russian flag, by Dr. Charles Ussher, who recently passed through the typhus epidemic at Van, Turkey, and the Rev. Robert Stapleton, who went to Turkey in 1897.

TIGERS AND GIANTS IN EXHIBITION TOUR NEXT SPRING.

[ASSOCIATED PRESS TELEGRAM]

New York, Oct. 24.—Something new in exhibition tours was announced today by the management of the New York National league baseball club. After the close of the spring training season in the south, the New York and Detroit clubs will travel through several southern cities for a week or more, playing a game each day. The tour will start at Dallas, Texas, about April 1 and end at Kansas City. The two teams will travel in a special train. Manager McGraw of New York said that he regarded such a tour as better practice for both clubs than playing minor league teams in the south.

All Dealers Now Sell Famous Cigars at 5c Straight. In Effect Today.

Owing to the greatly increased cost of quality tobaccos, in fact everything pertaining to high grade cigars, the makers of the San Felice cigar, The Deisel-Wemmer Company, have advanced the selling price to the Jobbers and Dealers, and henceforth this cigar will positively be sold to the consumer at 5 cents straight instead of six for a quarter as previously.

The SAN FELICE is national in its scope and character, having justly attained this eminence through its unexcelled excellence. To maintain this unequaled standard of quality, the advance in question is absolutely unavoidable. The generous support of all men using quality cigars is earnestly desired.—Adv.

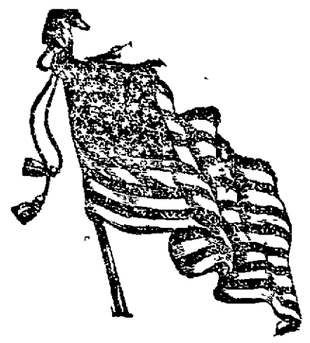
ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under the Act of March 4, 1879.



It is never a good plan to swap horses while crossing a stream of water.—Abraham Lincoln.

State Affairs.

In desperation Governor Willis has attempted to stem the tide against him by a promise to wipe out a portion of the State tax levy, all except that for highway purposes.

In 1915 he decentralized the State Highway department and threw back upon the counties indirect taxation through the expense which hitherto had been borne by the state. The result was that taxes went up in nearly every taxing subdivision.

A reduction of the state tax levy would take away the appropriation for the maintenance of schools and universities now provided from the State Treasury. The expense would still continue but it would be thrown back upon the districts and again create another local increase in communities where the taxes have already gone to the limit. and the schools would suffer.

The destruction of the State tax rate would further deplete the money for running expenses for the colleges and universities. The educators are now complaining that their activities were hampered by the Willis administration.

Already the excise tax in Ohio, placed on corporations for the privilege of doing business, is as large as they will bear.

In two years Governor Willis has reduced the State surplus from eleven and a half million dollars to six and a half million dollars. The Willis proposal is a pure appeal for votes in a manner which was rejected by his own platform. Storms of protest are already coming at his pronouncement.

School men who see educational means in danger. and tax payers who see further increase in their local taxes, are making common cause against the Governor's latest vote getting propaganda.

Mr. Wilson As Seen by One of Family Circle.

The New York Times secured for publication an intimate personal sketch of Woodrow Wilson, the man. written by Professor Stockton Axson, whose sister, Ellen Louise Axson. was the President's first wife. Professor Axson not only had close personal relations with the President for thirty-five years, but served under him, when Mr. Wilson was president of Princeton university. Following are a few extracts from Professor Axson's article relating to the President's home and married life:

"It is hard for me to speak in moderate terms of the beauty of the Wilsons' married life—that married life which I saw so intimately for more than twenty-five years. * * * In the long years of his and my sister's life together. they were more completely one than any two people with whom I have been thrown into intimate contact. * * * We often hear it said of a married pair—so often that it has become a sort of 'bromide'—'A cross word never passed between that coupie.' I have been honestly trying to think if I ever heard anything approaching an altercation between Mr. and Mrs. Wilson, and I can not recall even a shadow of such. And yet these were no weaklings; but two spirited people. each with a power of conviction possible only to very strong characters. They would sometimes differ in their opinions, but their relationship was so rooted in mutual love and loyalty that their differences were casual and superficial. never fundamental. * * * I have sometimes wondered how a family composed of varying and very positive elements ever contrived to live in such absolute and undisturbed harmony as did the Wilson family. and I have come to the conclusion that such a result can be attained only in one way. not by any prescription,or plan or domestic 'scheme' of action. but only by enthroning love supreme—that where love is always master, every day and every hour, there must be harmony. In the Wilson household love is always law. * * *

"Only a few of us know what Woodrow Wilson was really undergoing in the summer and autumn of 1914. when the world was catching fire from war, and the foundations of his own life were crumbling under him. Just as the war opened my sister died. 'I can not help thinking,' he said, 'that perhaps she was taken so that she might be spared the spectacle of some awful calamity.'

"I was at the White House a great deal that autumn and I know that it is no exaggerated use of words to say that he was the loneliest man in all the world. * * * I can see the lonely figure of the President now, walking down the long hallway. the hair so much whitened in the few months. His intimate friends often expressed to me the wish that the President could marry again. as he was utterly desolate.

"We who love him feel that God himself must have directed the circumstances which brought Mrs. Galt into the White House circle. But for her we can only surmise what might have happened. for not even the strongest man in the world could bear up indefinitely under that dumb grief. Sunlight and grace radiate from Mrs. Galt. Her nature is big and generous and health-giving, and in that presence the President found new life, found that love without which he can not live. Their love for each other is perfect. and we all love her, both for what she has done for him and for herself, for to know her is to love her.

"She has entered this great career as simply, as unaffectedly. as unselfishly as Ellen Axson entered into the obscure career of the young lawyer who was abandoning law for a new and untried life of scholarship and teaching. To neither woman has condition. high or low. meant anything; to both Woodrow Wilson has meant all."

EVERYBODY NEEDS PURE, RICH BLOOD

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a deranged state of the intestines, and, in general, all the symptoms of dyspepsia.

Pure blood is required by every organ of the body for the proper performance of its functions.

Hood's Sarsaparilla makes pure blood and this is why it is so successful in the treatment of so many diseases and ailments. It acts directly on the blood, ridding it of scrofulous and other humors. It is a peculiar combination of blood-purifying, nerve-toning, strength-giving substances. Get it today.

What Baker Said.

A story under a Columbus date line appeared in yesterday's Newark American Tribune repeating an absurd statement which Secretary of War Newton D. Baker vigorously denied at Flint, Michigan, last Saturday night. The Tribune's message in full is here reproduced:

"Descendants of patriots who fought in the revolutionary war have been stirred up to a high pitch of anger and resentment by statements accredited in newspaper reports to Secretary of War Newton D. Baker in which the former mayor of Cleveland compared Washington's army with Mexican 'ragamuffins.' Thousands of letters have been sent to President Wilson condemning Baker for his utterances, asking his recall from the stump, and demanding a retraction from the president's mouthpiece. Sons of the American Revolution and chapters of Daughters of the American Revolution have called meetings to adopt resolutions condemning Baker for his unpatriotic remarks and official recognition of the degrading statements has been made by Governor Hughes, Governor Willis and Chairman Charles S. Hatfield of the Republican State Executive Committee."

As it is probable that Secretary Baker's reply to this false accusation did not fall under the notice of the editor of the American Tribune and for his information as well as that of any who may have been misled by the Columbus story. the following dispatch taken from last Sunday's paper is here given:

"Secretary of War Newton D. Baker on Saturday at Flint. Mich.. laid the flat of his sword, metaphorically speaking. across the shoulders of Charles E. Hughes' presidential nominee. in retaliation for the untruthful charge made against him at Youngstown. last Thursday, of insult to the memory of the Revolutionary soldiers. First specifically repudiating the charge Secretary Baker in turn described Hughes as 'this noisily silent man with an exaggeration of Roosevelt's egotism and a feeble imitation of his courage.' In sarcastic language he also accused him of employing fake patriotism and of becoming furiously American. Of the Hughes charge and the real facts surrounding the subject he said:

"The Republican candidate. Mr. Hughes. Thursday night at Youngstown commented upon a newspaper misrepresentation of one of my speeches. As a matter of fact. I have repeatedly denied having said, either in print or substance. what is attributed to me. The story is that I compared Gen. Washington's army in our Revolution to Villa's roving band of Mexicans. or to Mexicans generally. and finally said: 'They were no better than Mexicans.'

"What I actually did was to praise Washington and his army with all my heart for persisting against immeasurable discouragements until they had established our liberties.

"I argued that the Mexicans should have a similar chance. so far as we are concerned, and that the disturbed conditions of their country, while greater in degree, did not essentially differ in kind from conditions in any country in which the people are obliged to revolt and fight for freedom.

"These conditions I illustrated by summarizing the picture given in John Fisk's 'American Revolution' and 'Critical Period' and I told my audience the names of the books and the author from whom I was summarizing. That the speech was approved and understood was apparent from the applause of my audience which was thoroughly American—an infringement upon Mr. Hughes' monopoly.

"But now Mr. Hughes, not having the courage to tell the people whose votes he seeks, his proposals and program for dealing with the great issues of our national life. this noisily silent man with an exaggeration of Roosevelt's egotism and a feeble imitation of his courage, takes up this silly story and grows quite furiously 'American' over it."

Spirit of the Press

College Students.

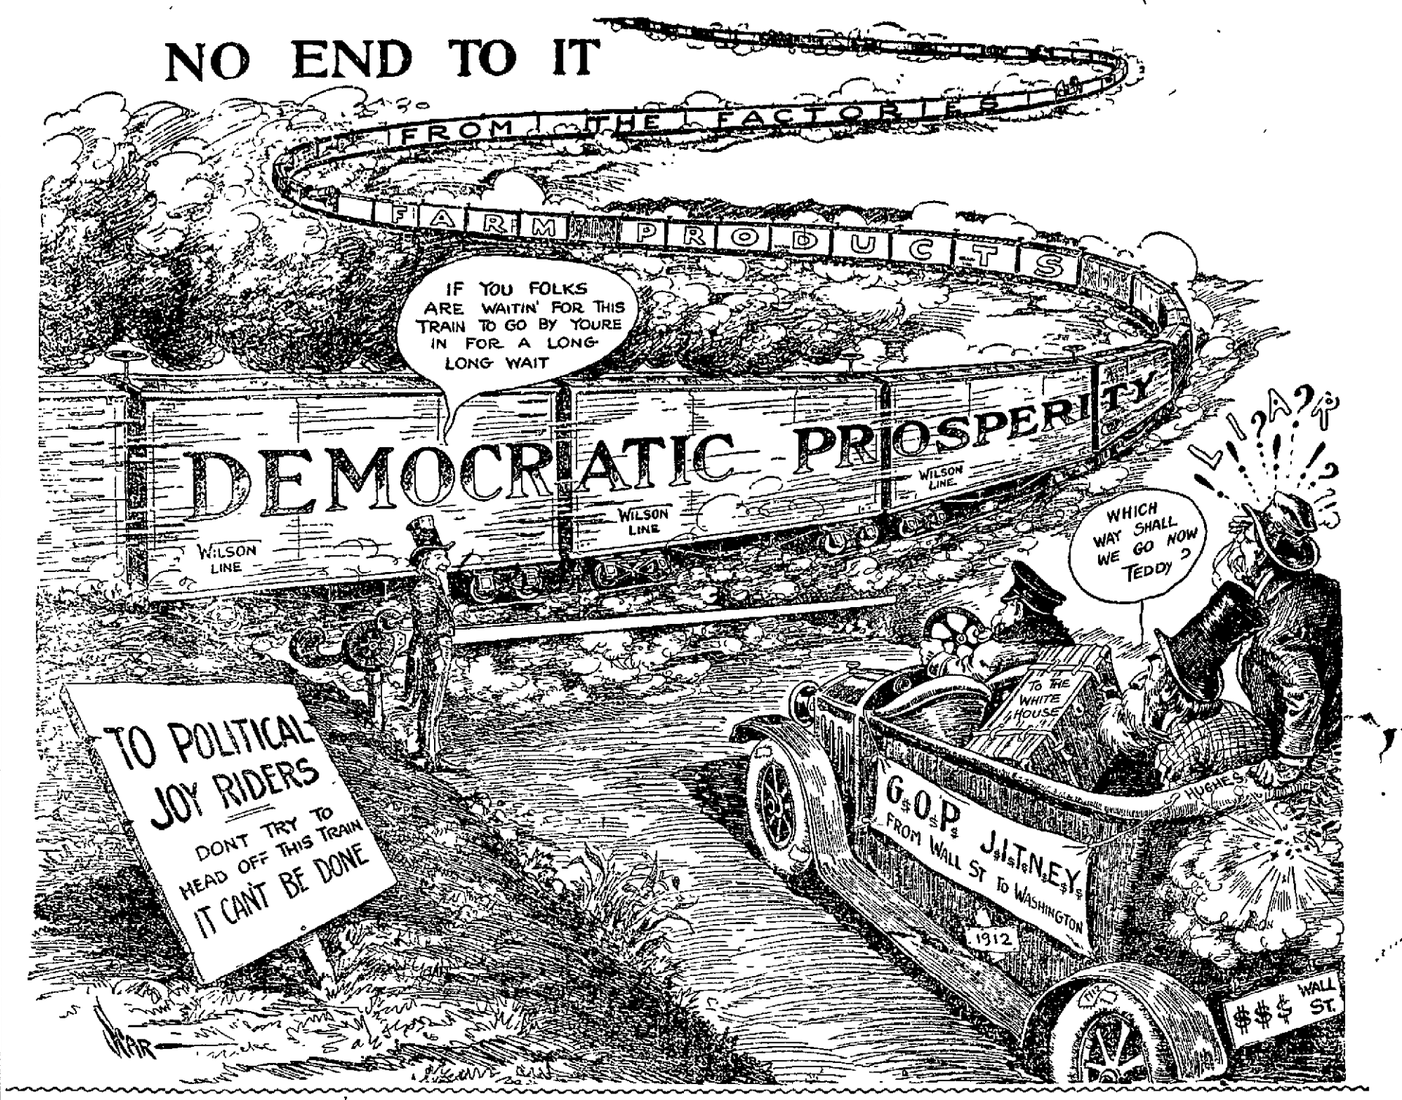
The fact that 1,000 students of the University of Syracuse. N. Y., are to earn their way this year, in whole or in part. is calculated to awaken the envy of the country college, where the opportunities for self help are limited by the environment. Educational institutions located in cities certainly have an advantage at this point. Men at the Young Men"s' Christian Association college in this city, for example. can find more opportunities for earning money than the college boys in Amherst or Williamstown, despite the fact that special effort is made in both Williams and Amherst to get jobs for students who desire them.—Springfield Republican.

Lesson in Industry.

Charley Beebe reports that a smart drummer recently called on a successful merchant at Neodesha and found him out in front washing the show windows. "When I was the boss of a store I didn't wash the windows," said the s. d. "Which is probably the reason you are not the boss now," replied the s. m., scrubbing vigorously.—Kansas City Star.

American Farmers.

President Wilson has made no better speech since his campaign opened than he made to the Jersey farmers on Saturday. The farmers know and the whole country knows that never since the foundation of the Government has so much been done as in the past three and one-half years to put the farmer upon a level base of opportunity with all other citizens of the land. It has been the aim of the Administration to so legislate as to remedy past mistakes and injustice. But the aim is still broader. It is honed not only to help the farmer, but to put all the industries of the nation upon a broad co-operative basis and bring about at the same time industrial as well as military preparedness. The best way to get ready for war is to lay the foundation in economic coordination. In readiness for war lies the best assurance of prolonged peace.—Philadelphia Record.



HUGHES

MAKES SECRET POLITICAL ALLIANCE WITH RACIAL ORGANIZATION AT CHICAGO.

Committees Were Named and Special Plank Adopted in Society's Platform—G. O. P. Denial Made.

New York, Oct. 24.—The Democratic National Committee yesterday made public additional details concerning the personnel of the chief promotors of the American Independence Conference, the secret racial organization which, it is now admitted by Charles Evans Hughes and Chairman Willcox, of the Republican National Committee, has been in personal and direct communication with both the Republican National candidate and his campaign managers.

At the now famous secret meeting of the so-called conference at Chicago, Sept. 30, at which Jeremiah A. O'Leary reported to his associates the result of the personal interview between candidate Hughes, the special committee headed by himself, according to minutes of the gathering, letters and telegrams were read from Dr. G. C. Berkemeir of Mt. Vernon, New York, Arthur Vonkenig of San Antonio, Frank Eiberich, of Boston, Dr. Edmund Nach. of Brooksville, Maine, the American Independence Union of California signed by Daniel O'Connell, president and A. Bauer, secretary, Hugo Wolfing of Indianapolis, Geo. Seibel of Pittsburgh, J. K. McGuire of Columbus, Ohio, George Silverster of New York and Fred Lauenstein of Evansville, Ind. It appears that Carl E. Scmidt of Detroit was elected to act as national chairman of the organization and preside at the Chicago meeting. The first business transacted at this meeting was the appointment of Jeremiah Oleary as chairman of a committee on plans. His associates of this committee are W. R. McDonald. Carl Raid. Emil Frei, Custav Carus and Louis Mainlin.

The next step was the appointment of a committee on platform. The individuals named in this committee are John D. Moore. Fritz W. Worm, Daniel Cohalan, Col. Schott, Oscar R. Seitz. Jas. Mooney, Jos. A. O'Donnell, Joseph F. Ray and G. Jacobson.

A committee on permanent organization was then elected composed of the following members. Howard Wurlitzer, John A. McCarry, Art Peterson, Rudolph Pagenstecker, August Fitzer, Joseph Frey. John A. Wurlitzer, W. R. McDonald, Frank S. Thomas, Dr. Paul Carus and Fred K. Lein.

At the Chicago meeting it further appears that Victor Ridder of the New York Staats Zeitung and J. P. Omahony of Indianapolis, addressed the members on the subject of a campaign of newspaper publicity in behalf of the secret purposes of the organization and in support of Mr. Hughes' presidential candidacy and certain Republican candidates for congress.

These various committees according to the official minutes, immediately proceeded to the work mapped but for them on October 2nd, formal reports were submitted by the committee on plans, the committee of permanent organization and the committee on platform. The contents of the reports constitute another amazing chapter in the history and relation of this extraordinary secret political organization which will be made public in due season it is sufficient at this time to point out that after and as a result of the secret personal conference between Candidate Hughes and the O'Leary committee and after and as a result of the secret negotiations between the promcters of the O'Leary organization and Mr. Hughes' campaign managers the following declaration in behalf of Charles Evans Hughes was incorporated as the main plank of the platform of the organizations:

"We call upon the American people to use the opportunity which the present campaign offers to condemn the abject surrender of American rights to Mexico and European nations and to support a man who openly pledged himself unflinchingly to maintain these rights against all nations."

SEIBERLICH DENIES IT.

(ASSOCIATED PRESS TELEGRAM)

New York. Oct. 24.—A telegram from Frank Seiberlich of Boston was given out here by the Republican national committee in support of the denial by Charles E. Hughes of the Democratic committee's charge that the Republican candidate entered into a secret agreement with the American independence conference, of which Seiberlich and Jeremiah A. O Leary are members. The telegram reads:

"The statement made by Hughes relative to conference with committee of the American independence conference is absolutely true. Mr. Hughes saw the committee of which I was a member, made no promises, did not criticize Theodore Roosevelt and made statement to the committee that he stood for all American rights."

William R. Wilcox. Republican national chairman said in making the telegram public that it was a voluntary message, unsolicited by the national committee.

The charge of the Democratic national committee contained what purported to be a report made by Mr. O'Leary at a session of the conference in Chicago of what occurred at a meeting between Mr. Hughes and the committee headed by O'Leary. The latter was quoted in the report of having said:

"Mr. Hughes promised that his future conduct in the speechmaking line would be entirely satisfactory to the interests of the committee."

Mr. Willcox today characterized the Democratic committee's report as a "fiasco" attempting to prove a "hyphenated alliance" on Mr. Hughes' part.

That allspice is the dried berry of the pimento? This is a West Indian species of myrtle, a beautiful tree with white and fragrant aromatic flowers and shiny leaves of a deep green. The name comes from the fact that allspice is thought to resemble in flavor a mixture of cinnamon, nutmegs and cloves. The fruit is also called Jamaica pepper. It is employed in cooking, also in medicine as an agreeable aromatic, and it forms the basis of a distilled water, a spirit and an essential oil.

Director Passes Burlesque Show; Says It Was Clean

"The cleanest burlesque show I ever witnessed," was the statement made yesterday aftrnoon by Safety Director Cecil Bigbee, after he had witnessed a performance of the "Beauty, Youth and Folly," show at the Auditorium theatre.

With the exception of one joke, the director approved of the show in every detail and especially one number, which he termed as "educational."

But despite the approval of the city official and several officers who witnessed the afternoon production, there was one complaint registered against the show this morning to Mayor Bigbee. But is was not needed.

The Mayor has long since learned that the chief executive of a city cannot lend an ear to every complaint of this character, for if he did, the city of Newark would soon be nil so far as the theatrical profession is concerned.

The woman complaining against yesterday's show said she saw the performance in the afternoon and it was awful It must have been awful something—because the women were largely in the majority at the show and at no time did the comedians have to prompt their audience for applause.

This was possibly the best example to be obtained of whether the performance was objectionable to the women. Mayor Bigbee said last night after hearing the report of the director, that he did not believe there would be any more trouble relesque shows shown here in the future.

The city officials hear complaints on nearly every show of any consequence that visits Newark. For example one woman complained bitterly to the mayor against the "Battle Cry of Peace" film, when it was shown here. The mayor viewed the picture but could find nothing objectionable.

A feminine voice over the telephone yesterday afternoon inquired of Manager Fenberg of the theatre, "is it true that the police are going to pinch the theatre this afternoon?" How this report became circulated is not known, but Director Bigbee said in fairness to the management of the Auditorium, that this matter should be given some light.

The Auditorium will not be pinched, neither will any of its patrons. Should the city officials object to some feature of the show, the management would be apprised of the fact and the trouble adjusted in that manner. So the women who attend Monday afternoon shows will not have to fear appearing before "his honor" in police court the following morning.

VILLA THREATENS CHIHUAHUA SAYS PERSHING'S REPORT

San Antonio, Tex., Oct. 24.—Confirmation of the report that Villa has reached the outskirts of Chihuahua City and of fighting in the suburbs between Villa's men and General Trevino's command was contained in a dispatch received today by General Funston from General Bell, commanding at El Paso. General Bell's report is understood to be based on information from General Pershing.

The people of Chihuahua have become panic stricken as a result of Villa's advance on the city following his recent victory over General Ozuma at Palomas, the dispatch said.

Information has reached army circles from several sources that General Trevino is short of ammunition.

FOUR DROWNED WHEN MACHINE GOES THROUGH AN OPEN DRAW BRIDGE.

Chicago, Oct. 24.—The police were dragging the Chicago river today in an effort to locate the four victims of the accident last night, when an automobile containing six persons plunged from a draw bridge into the river. Two of the occupants of the car, who were saved, had been fully revived today.

The dead persons are Hugo Warner, advertising agent, Miss Jennie Klausner and Miss Lillian Klausner, and Sylvan Kusel, social settlement workers. All the bodies were recovered.

The automobile driven by Mr. Warner, had reached the brink of the draw before it was seen that it was open.

Lunacy Affidavit.

A lunacy affidavit was filed in probate court today by William Loughman, of Jones street, against his wife, Ellen Loughman. The hearing on same has been set for Thursday evening.

Admitted to Probate.

The will of Edward J. Carlile, late of this city, has been admitted to probate, and May C. Brackett of Terre Haute, Ind., has been appointed executrix. Bond, $7,000.

Answer Filed.

In the case of Pherile Butler vs. Bert S. Butler, the defendant has filed an answer in probate court admitting marrying defendant on Dec. 24, 1913, at Covington, Ky., but denies all other allegations, stating that he has always furnished plaintiff with the necessities of life, and that he is ready to continue to do so, if plaintiff will return and live with him. In his answer defendant alleges that plaintiff abandoned him without cause on August 10, 1916. He expresses a willingness to provide a home for plaintiff at any time that she will return and he prays the court to dismiss her petition.

Asks Dower Decree.

Lettie Williams has filed a suit in common pleas court against May Richards and John Williams. Plaintiff alleges in the petition that she was married to Ebenezer Williams on Jan. 19, 1907, and that he died Nov. 30, 1915, and was the owner of an inheritance in the undivided fourth part of two lots in this city, that defendants now claim to hold the estate of the said Ebenezer Williams. Plaintiff asks the court that reasonable dower be decreed her.

FAVOR TEMPERANCE.

[ASSOCIATED PRESS TELEGRAM]

St. Louis, Oct. 24.—The house of deputies of the Protestant Episcopal general convention today adopted a resolution favoring "such action in our executive assemblies as will preserve the large interests of temperance and aid in the repression of the liquor traffic." The house of deputies also adopted a resolution offered by Rev. E. V Shayler of Seattle, calling for a national censorship of moving pictures.

Granville

[Special to The Advocate]

Granville, O., October 24.—To the "Travelers" who assemble on Monday afternoons of each week, the magnitude of the year's study—South America—becomes more and more apparent. Only superlatives can be used in describing the resources of this great continent, which seem inexhaustible even after four hundred years of exploitation. Last week the history of the country as a whole was reviewed. From now on the states or nations of which it is formed, will be considered separately. Journeying from Cuzco, Peru, to La Paz, Bolivia, one crosses the most wonderful inland lake in the world, Lake Titicaca, whose water, at an altitude of 12,000 feet above sea level, possesses marvelous qualities. No metal can rust in it. In the well balanced program of yesterday afternoon, both city and country life were well brought out, and the "mineral wealth of the Andes" read like a tale from Arabian Nights. Mrs. F. L. Ferguson presented an astonishing array of facts concerning Bolivia in a well constructed paper on "The Evolution of its Capital. Imagine a country whose cities are built at an altitude of from ten to twelve thousand feet above sea level! Mrs. Ferguson possesses a good carrying voice and convincing manner which enhanced the enjoyment of the audience.

"Life on the Terraced Highlands" was the picturesque topic assigned Mrs. T. F. Chambers and treated by her in a highly original and delightful way. Imagine a country where most of the farms are situated from 7000 to 12,000 feet above the sea, and where the shepherds have built their huts at 17,000 feet, just below snow line! This country can clai mthe loftiest lake, the most ancient runs and the highest habitations in the world, but it is practically without rain, without coal or wood, without food except potatoes and barley, and the houses are without windows. The only thing there is enough of is—time.

Mrs. Chamber's whole paper was a notable contribution to the year's program.

In "The Mineral Wealth of the Andes" Miss Jennie Roe, one of the club's charter members, easily sustained the standard of excellence set by her in many previous performances. It is impossible in the limited space allowed, to give even a resume of the stupendous topic under discussion. One statement at least might be repeated, however, to the effect that if the silver output of Bolivia for one year were to be made into spoons, there would be two solid silver ones for every man woman and child on the globe—(and this estimate was made before the European war!)

Mrs. Malone presented a few facts comparing the size of some of the South American states with those of our country as for example: Brazil has an area equalling that of the United States with another Texas added.

Mrs. W. E. Clemons was secretary pro tem and as a member of the extension committee of the A. F. F. W. she presented the matter of a contribution from this club. Without discussion the money was promptly voted from the treasury.

Mr. Charles Green, Mrs. Worth Green and Miss Esther Green of Little Rock, Arkansas, were guests over Sunday of Mr. and Mrs. Charles Deeds.

Mrs. C. A. Pierson of Condit, is spending a few days with Mr. and Mrs. Deeds and Miss Dora Lisle.

Sounds of tumult from Cleveland Hall last evening, and battle yells from small bands of roving underclassmen, proclaimed to the initiated that "something is doing" in this classic retreat. The scene was set for the annual freshman-sophomore scrap, today, and the warriors were tuning up for the impending struggle. Instead of the guerilla warfare between the two classes, which formerly broke out at unexpected tims all over the place, the faculty sanctions the one day's pitched battle between the opposing forces which must be fought in open field, according to the rules which govern fair sport. The whole community is wont to assemble on Beaver Field and the fair helpers from Shepardson college journey thither in wagons gaily decked in class colors. Although hard knocks are given and taken, no harm is done ad physical supremacy once and for all. Possibly the greatest tension is felt by the mothers, especially by the mother of some red headed boy, whose bright head adornment, like a banner of old, always is found in the hottest of the fray. An editorial in the current number of the college paper cautions the boys against losing their temper, and advises them to keep in mind the fact that this "scrap" is not planned for the wreaking of personal spite and revenge.

This morning the freshmen won the relay race and the "pole rush."

Beaver field was gay with the red and yellow of the sophomore and the blue and white of the freshmen floats. Coach Livingston was in charge of the afternoon sports which consisted of a football game and a tug of war.

Mrs. Frank Carney returned yesterday from Detroit, to her home here. She was accompanied by her daughter, Miss Frances Carney, who was so seriously injured in an automobile accident some weeks ago. She is recovering rapidly from the injuries.

F. David Beveridge left yesterday for Michigan where he will go to work in the lumber camp.

If Too Fat Get More Fresh Air

Be Moderate in Your Diet and Reduce Your Weight. Take Oil of Korein.

Lack of fresh air it is said weakens the oxygen carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered, thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from W. A. Erman, Evans Drug Store or any druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weight yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight.—Advertisement.

ROTARIANS VISIT SCHOOL.

After adjournment of the regular weekly session this afternoon, the Rotarian club went in a body to the Newark High school. The entire school assembled in the chapel where the high school orchestra played several delightful selections, after which Principal Barnes introduced the Rev. D. D. Tullis, who conducted a short service. Mr. Tullis prefaced his address by telling the students what Rotary means. Cheer leader Taafel and the students entertained the Rotarians after which Superintendent Hawkins called upon the president of the Rotary club, J. Howard Jones, to speak, and while Mr. Jones was entirely unprepared he responded in a very happy vein.

WATCH WAS STOLEN.

Police this afternoon were searching for a negro named Asa Lewis, who is charged with stealing a watch belonging to a woman at the hotel Sherwood. Lewis left Newark at noon for Columbus and the authorities in that city were notified to meet the Pennsylvania train upon its arrival there at 1:40 p. m. Lewis was arrested on a similar charge a few weeks ago, but returned to work at the hotel again after his case was heard.

LEAP YEAR MAID SENDS "POEM" TO BACHELOR FRIEND.

A well known and confirmed bachelor of the city who conducts an amusement enterprise and who evidently is considered a "good catch" by the fair ones has been the recipient of several missives from members of the fairer sex as the leap year is drawing to a close. Yesterday's mail brought him a real proposal in "poetry" and he permitted a representative of the Advocate to appropriate the same providing his name was not used in connection with it. It follows:

My dear and most respected Sir:
I send you this your love to stir.
It's you I've chosen first of all
On whom to make a Leap Year call.
Your heart and hand I ask not in jest;
I hope you will grant my fond request.
I've given you a foremost chance
And a home for you I will enhance
And if your hand does not incline
In wedlock to join with mine,
Then you must send me back five dolars, kind sir.
And a handsome dress, I'll ask no more.
Now you must think this letter funny
But I must have a man or money.
And if you think I am a dandy
Send me back a box of candy.
And if the writer's name you guess
Send an answer to my address.
But if for me there is no hope
Send me back six yards of rope.
On bended knee I would propose
But Leap Year's drawing to a close.
With all sorts of love and kisses
From one who cares to be your Mrs.

It's fine to have fun, but don't let the fine cost more than the fun.

Movie Actresses and Their Hair

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact, (this is a secret), many are leading ladies just because of their attractive locks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or makeshift, but with a simple mixture which they make up for themselves by putting a teaspoonful of canthrox, (which they get from the druggist), in a cup of hot water and applying this instead of soap. After its use their hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is. Its lustre and softness is delightful, while the stimulated scalp gains the health which insures hair growth.—Advertisement.

Preparedness

One result of our educational work during the past twelve years has been to influence thousands of people like yourself, to accumulate a cash surplus during periods of prosperity, and invest it at 7% in conservative preferred stocks.

As a measure of personal preparedness against hard times, there is nothing better than the purchase of the 7% preferred stocks we market, which have splendid dividend records.

Habits of personal extravagance are easy to form, but hard to break. Before committing yourself to new expenditures, read "The Selection of Investments" and "Non-Taxable Incomes," and then face this question squarely:

"Will you fritter away your surplus for non-productive purposes—or invest it safely at 7% in an established and productive industry?"

Ask us to send you the above booklets and resolve to study them carefully. They will help you to answer wisely.

New York, Oct. 24.—Bethlehem steel led the specialties to higher levels at today's opening with a gain of 8 points to 593, which was soon increased to 610, that quotation being ten points above its previous high record. Utah Copper at 102 also scored a new recird with advances of 1 to 2 points in American Sugar, Central Leather, Republic Iron, Industrial Alcohol, and Texas company. United States Steel opened at a slight advance which was soon forfeited on realizing sales. Atchison was strongest of the rails with a good inquiry for Union Pacific, Reading and New York Central. Reversals ranging from fractions to a point occured in the first half hour.

Trading lacked the breadth of the preceding session, but was scarcely less active. Reactions of the first hour extended to over a point in the leaders, but was again partly offset by the greater strength of speculative stocks and high priced specialties. Bethlehem Steel increased its gain to 629, with new records for General Motors at 837 and the several sugar issues. Petroleums were in further favor, with alcohol and fertilizers. Rock Island featured the non-dividend rails and Union Pacific and high grade shares. Prices broke again before midday. Bonds were irregular on heavy offerings of international issues.

Mr. Clint Baird and family of Pataskala, and son Walter of this place.

The Misses Bernice and Olive Holcomb were Sunday guests of relatives in Granville.

Mr. Albert Axline and famiy and Mrs. Frank Martain of Columbus, and Mrs. Martha Eswine of Etna were Sunday guests of J. H. McBride and family on Licking Valley road.

The high wind did considerable damage at this place last Friday.

Mr. and Mrs. C. P. Bowman of Hawkeye entertained the following guests Sunday: Miss Frances Bowman, superintendent G. A. R. home at Pittsburgh, Mr. and Mrs. C. M. Geiger, daughter Doris and son Lawrence, Mr. and Mrs. Marion Geiger, Mrs. W. S. Kelier, and son Albert and daughter Beulah.

The Juniors of the S. H. S. held a burlesque at the home of the Shannon sisters on North Main street Saturday evening. Those present were Mr. and Mrs. A. B. Newtor, Messrs. Byron, Besse, Byran Vannatta, Harold Newton, Clark Connell, Lee Connell, Oliver Baker, Misses Helen Vannatta, Gail Newton, Dorris Merrill, Elsie Shannon, Lula Reem, Cherral Shannon, Lucy and Gladys Hoffman. All present enjoyed a good time around a large fire where the young people roasted weinners and toasted marshmallows. Later all marched to the house where musical selections were rendered. The juniors of '16-'17 seem to be the "pep" of Summit High.

Mr. and Mrs. Robert King returned home Friday evening from Mt. Gilead, where Mrs. King has been ill with typhoid fever the past nine weeks.

BIG LEAGUERS CAN'T PLAY AFTER SEASON CLOSES

New York, Oct. 24.—President Tener of the National league, takes issue with David L. Fultz, president of the players' fraternity, who has protested against the contemplated action of the national commission in fining ball players for barnstorming after the league season is over. Mr. Tener said that in each contract signed by the player there is a clause in which the player agrees not to play after the season without consent of the commission. This clause was inserted, he said, to protect territorial rights of the different clubs.

The National league president declared that the commission has power to fine players for any such infraction of the rules, but would not say that such fines have been levied against the Boston American players for participating in a game against New Haven a few days after winning the world's series. He asserted that the New York Nationals and Philadelphia Americans and several individual players also had violated their contracts in this respect and added "there undoubtedly will be a general discipling."

YANKEE ATHLETES TAKE THREE EVENTS FROM SCANDINAVIANS.

Christiania, Oct. 23, via London, Oct. 24.—America's visiting athletes captured three of the five events decided here today in competition with Scandinavians. Jo Loomis of Chicago won the 60 metre run, finishing ahead of the Norwegian runner Rustad. In the broad jump Bob Simpson and Fred Murray of the American team captured first and second places respectively. The visitors also won the 800 metre relay race.

In the 1,000 metre run Ted Meredith was again defeated by the Swedish champion, J. Bolin, while in the shot put Murray was beaten by the Norwegian Hellum.

Summaries:

Sixty metre run (65 yards 10 inches)—Loomis, American, first; Rustad, Norwegian, second; Simpson, American, third. Time 7 1-0 sec. One thousand metre run (1,093 yards, 22 inches)—Bolin, Sweden, first; Melen, Sweden, second; Meredith, American, third. Time 2 min. 31 6-10 sec.

Shot put—Hellum. Norwegian, first; Murray, American, second. Distance, 12 metres, 43 centimetres.

Broad jump—Simpson, America, first; Murray, American, second. Distance, 6 metres, 81 centimetres.

Relay race—800 metres (874 yards, 32 inches) Americans won against the Scandinavian team. Time: 1 minute, 33 8-10 seconds.

Let Resinol Make Your Sick Skin Well

That itching, burning skin can almost certainly be healed! The first use of resinol ointment seldom fails to give instant relief. With the help of resinol soap, this soothing, healing ointment usually clears away all trace of eczema, ringworm, rash or similar tormenting, sleep-preventing skin-diseases quickly and at little cost. Physicians have prescribed resinol ointment regularly for over twenty years, so you need not hesitate to use it freely. Sold by all druggists.

Is Your Toilet Soap Injuring Your Skin?

Many toilet soaps contain harsh, injurious alkali. Resinol soap contains absolutely no free alkali, and to it is added the resinol medication. This gives it soothing, healing properties which clear the complexion, comfort tender skins and keep the hair healthy.

Hair Gray? Then Apply Q-Ban

IT DARKENS GRAY HAIR EVENLY

If your hair is gray, streaked with gray, prematurely or just turning gray, or if your hair is dry, harsh, thin or falling, simply shampoo hair and scalp a few times with Q-Ban Hair Color Restorer. Every strand of hair (whether gray or not) then becomes evenly dark, soft, flossy, fluffy, full of life and health, full and heavy, and fascinating, and so beautifully and evenly darkened no one could suspect you had applied Q-Ban. It is absolutely harmless and no dye restores the color glands of the hair. Ready to use nothing to be added. Give it a trial. 50c for a big bottle at R. W. Smith's Drug Store, Newark. Out-of-town folks supplied by mail.—Advertisement.

ASTHMA

Simple Harmless Remedy Brings Quick Relief.

Many cases of immediate relief and rapid recovery from Bronchial Asthma of long standing and other diseases of throat and lungs are being credited to a discovery made by Dr. Eugene Howard of Worcester, Mass. Dr. Howard's prescription, which is totally differen from all usual methods of treatment for these afflflictions, is called Oxidaze and comes in the form of a tablet which the patient allows to dissolve slowly in the mouth. Its curative, healing juices thus mingle with the saliva and enter every crevice of the irritated bronchial membranes, release the muscular constriction of the broncial tubes, open up the air passages and regulate the spasmodic lung action. These tablets, though pleasant to the taste, are so powerful and rapid in their action that many users who for years were obliged to sit up in bed gasping for breath and unable to sleep report that they now put a single Oxidaze tablet in their mouth when going to bed and can then lie down and breathe easily and naturally and get a good night's restful sleep. W. A. Erman, Evans Drug Store and many other local druggists who handle Oxidaze tablets sell it on the positive guarantee of money back if it does not give immediate relief.

Victor Herbert, Composer of "The Only Girl."

Big, round, hearty Victor Herbert, with all his appearance of a jovial disposition, won't let anyone joke about his profession of composer. In all his scores he has never written a piece of ragtime until he wrote "The More I See of Others, Dear, the Better I Like You," for "The Only Girl," which comes to the Auditorium on Wednesday, Nov. 1. Even in this instance he takes great pains, both in printed score and in the way the song is introduced in the play, to indicate that it is a take-off on the syncopated style, and is not a willing contribution to Irving Berlin's favorite metier.

Perhaps a better indication of the seriousness with which Herbert takes his profession is afforded by a story of the song which is sung in "The Only Girl," under the title "You've Got to Have a Part to Make a Hit." When Henry Blossom first submitted his book and lyrics to Herbert for inspection, the composer found a lyric holding up the ridicule the composer of musical comedies. Strenuous objections followed and Blossom, not so sensitive, changed the words to level their shafts at the librettist instead of the composer. Hence the song, one of the most effective in the piece now stands:

"It's terrible the way those authors
cramp my style;
By handing me a part like that
I'm goin' to get so 'sore' about it
after awhile
That I'll just leave the whole
profession flat,
I'd like a little comedy where I can
do a specialty
But no such luck for me, oh, no!
I'm always drawing parts I hate,
where
I'm forever playing 'Straight',
While the comedian steals the show."

ALHAMBRA.

Robert Warwick IS popular. There has never been much question as to his popularity in this country, but it remained for Australia to elect him the most popular of all movie people, whether actors or actresses. There he far outclassed even Mary Pickford, who came in second, and had twice as many votes as the second leading male star. In his country, however, his picture adorns many a silver frame. In "The Flash of an Emerald," "Sudden Riches" and "The Man of the Hour," Mr. Warwick built himself a niche in the heart of photoplay "fans" and his more recent productions have added to his already large following of friends. His next appearance in this city will be as the hero in "Friday the Thirteenth," the Thomas W. Lawson story which has been made into a World Picture by William A. Brady and Director Emile Chautard. It will be the attraction at the Alhambra Theatre on Wednesday and Thursday.

GEM.

The girl worked in a five and ten cent store for the munificient wage of $5 a week. Her mother took in washing to help support the family—consisting of two smaller children, and a lazy, good for nothing father. This man would leave home late in the forenoon and sit all day on park benches, reading dime novels. He spent his evenings and morning lying in bed, reading novels, smoking his pipe and "rushing the can"—his wife and daughter providing the money.

The girl needed shoes. The wrecks she wore were falling from her feet. She spent her evenings with her feet in warm water to reduce the swelling and soothe her tired feet. Each week she took her unopened pay-envelope home to her mother. Each week she was promised $3 with which to buy new shoes. But there was always need for the money she earned to supply the family larder, to provide beer and tobacco for her lazy father. Just how the half-slave shop girl finally succumbed to relentless fate and "sold out for a pair of shoes" is to be pictorially related in Bluebird photoplays at the Gem theatre tomorrow in a great moral and sociological revelation entitled, "Shoes." There is a lesson in this feature for every father and mother who have made themselves responsible for the welfare of a daughter—it expounds the greatest problem ever essayed in moving pictures and does it deftly, clearly and with gripping interest.

THE AUDITORIUM.
The Weakness of Strength.

Not since he was seen in the role of "John Burkett Ryder" in "The Lion and the Mouse," the characterization which won him international fame, has the eminent dramatic actor, Edmund Breese, found a part more fitted to his distinctive talents than he has in "The Weakness of Strength," his latest starring vehicle on the Metro program, which has just been completed at the Popular Plays and Players studios, and will be shown today and tomorrow at the Auditorium.

Together with the above feature Mgr. Fenberg will start his latest serial motion picture, the one the entire film industry are talking about, the some being "The Crimson Stain Mystery," with Maurice Costello and Ethel Grandin in the leading roles.

"Freckles."

"Freckles," a song play stronger than the book of the same title, will be seen at the Auditorium on next Saturday with an excellent cast of players and singers.

It is but a few years ago that Gene Stratton-Porter gave "Freckles" to the world. It proved a delight to the readers of modern fiction; several millions of which have been amused with its quaint story of the folks of the Limberlost Swamp country of Indiana.

There are many stories, strong in all intrinsic points, which make absorbing reading but are of no value

"Freckles" and "Angel," Auditorium, Saturday, Oct. 28, Mat. and Night

to the stage.—the action is lacking. "Freckles," however, is the reverse. It is stronger as a song play than it was as a novel. The secret of the Limberlost region with its phantom sounds and virilitic people, make the plot and story replete with action.

The play has been given a magnificent scenic investiture and a strong cast of players and singers, in a word, it will be an event in local theatricaldom. Seats ready Thursday morning.

Howe Features West Point.

Lyman H. Howe has never disappointed a local audience and thus he gains new faces every season, in addition to his old patrons who know what to expect when his name appears. The new Travel Festival program promises just as many wonderful reproductions as its predecessors. It is presented as full of surprises being a varied assortment of clever travel scenes taken in the four corners of the world: instructive, funny, and always entertaining. The program will include delightful scenes in Sunny Spain, far off Hawaii, Norway with its famous fjords and towering mountains, beautiful specimens of fish and tropical birds in natural colors, new animated cartoons and other comedy films.

One of the most interesting features to all Americans will be a recently photographed series depicting the life of the cadets at West Point.

The vital question of the hour is Are We Ready?

The halls of Congress resound with arguments pro and con.

The country at large is realizing the gravity of "getting ready," and the topic is one of absorbing and all-important interest. The film proves conclusively that in one respect, at least, we are prepared and that is in the training of our cadets at West Point. Auditorium, on Sunday next, with two showings. One in the afternoon and one at night.

"The Only Girl."

Remember Joe Weber when he wore upholstery about the waist line and stood opposite Lew Fields in the palmy days of Weber and Fields? Well, Mr. Weber's pride swells him up just about as much now, although in private life he is as slender as a drink of water. And the reason of it all is the great success of his production "The Only Girl," for which Victor Herbert composed the music and Henry Blossom wrote the book. This delightful musical comedy played for an entire year at the Lyric theatre, New York, is coming to this city for one night and will be seen at the Auditorium on Wednesday, Nov. 1st.

THE SPRING OF PERPETUAL YOUTH

was what the Spanish explorer sought in Florida. Youth cannot be perpetual, but with health a man or woman can retain youthful looks till the near approach of actual old age. If a woman is dragging wearily along oppressed by some woman's ailment, she may expect a return of youthful beauty and vivacity by using Lydia E. Pinkham's Vegetable Compound.—Advertisement.

Keeps Her Children In Perfect Health

Dr. Caldwell's Syrup Pepsin the Family Laxative for Many Years.

Mrs. Aug. Doellefeld of Carlyle, Ill., recently wrote to Dr. Caldwell, at Monticello, Ill., that she has used Dr. Caldwell's Syrup Pepsin in her home for a number of years, and would not be without it, as with it she has been able to keep her four children in perfect health.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts on the bowels in an easy, natural way, and regulates the action of this most important function. Nearly all the sickness to which children are subject is traceable to bowel inaction, and a mild, dependable laxative, such as Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. It is pleasant to the taste and children like it, and take it readily, while it is equally effective for adults.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin.

See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.—Advertisement.

CHARGES NEWARK CIGAR INFRINGES ON WILLIAM PENN

"Do you smoke?"

Yes? All right, you may serve on the jury then.

It is possible, that, unles you can answer that question in the afirmative you will not qualify for a jury likely to be chosen to try a suit filed in federal court here yesterday, says The State Journal.

Judge, jury, witnesses, attorneys and all officially concerned in the trial probably will do what never has been permitted in the federal courtroom before—flirt with Lady Nicotine of the nebulous veils.

The case might be called "Little William Penn versus Little William Pitt."

Demand $5,000 Damages.

Both are names for 5-cent cigars, the former made by the Theobald, Oppenheimer & Co. of New York, which yesterday brought suit for $5,000 damages against John H. Swisher & Son of Newark, manufacturers of Little William Pitt.

The plaintiffs charge the Swisher company with purposely imitating shape, size and label of the Little William Penn cigar, naming their product, characterized as inferior, "Little William Pitt," and of taking advantage of the plaintiff's advertising to sell the Pitt cigar to many who might think they were buying the Penn variety.

Statements of cigar men and old smokers all over the United States were cited to prove the deception alleged. The Theobald, Oppenheimer & Co. further demanded reimbursement to the amount of the total sales thus far of the Little William Pitt, and ask the court to enjoin the Swisher company from the further sale of its alleged "imitation" William

It is expected that the plaintiff's attorneys, when the case is brought to trial, will dwell on the relative quality of the two Williams as well as on their exterior similarty.

Hence the novel question to the jurymen in this modern war of the Williams.

Peel Off Your Freckles

To remove freckles, blotches or any complexion difficulty, the best thing to do is to remove the skin itself. This is easily and harmlessly done by the application of ordinary mercolized wax. The wax peels off the defective outer skin, a little each day gradually bringing the second layer of skin to view. The new skin is beautifully soft, clear, white and young looking. Just procure an ounce of mercolized wax at any drug store and use like cold cream.

Corns Loosen, Lift Right Off

Nothing But "GETS-IT" Will Do this to Corns and Calluses.

If you've ever had corns you've tried lots of things to get rid of them—salves that eat your toe and leave the corn remaining, cotton rings that make your corns bulge out like popeyes, scissors and knives that make corns bleed and sore, harnesses and bandages that fill up your shoe, press on the corn and make your foot feel like a paving block. What's the use? Why not do what millions are doing, take 3 seconds off and apply "GETS-IT." It dries, you put your stocking on right away, and wear your regular shoes. Your corn loosens from the toe, it lifts right off. It's painless. It's the commonsense way, the simplest, easiest, most effective way in the world. It's the national corncure. Never fails.

You Can't Hide Corn Misery. Stop Fooling Around! Use "GETS-IT" Tonight and See the Corns Vanish.

"GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Newark and recommended as the world's best corn remedy by T. J. Evans, W. A. Erman and C. T. Bricker.

Conquers Rheumatism In a Very Few Days

It is an established fact that one-half teaspoonful of Rheuma taken once a day has driven the pain and agony from thousands of racked, crippled and despairing rheumatics during the last five years.

Powerful and sure: quick acting, yet harmless: Rheuma gives blessed relief almost at once. The magic name has reached every hamlet in the land and there is hardly a druggist anywhere who cannot tell you of almost marvelous cures.

If you are tortured with rheumatism or sciatica, you can get a bottle of Rheuma from T. J. Evans or any druggist for not more than 50 cents, with the understanding that if it does not completely drive rheumatic poisons from your system—money back.

Large Seat Sale For K. C. Minstrel; Good Seats Left

Bright and early this morning a line formed in the lobby of the Auditorium theatre to secure first choice seats for the K. of C. minstrel Thursday evening. When the box office opened at 10 o'clock the line extended around the lobby and out to the door. Manager Fenberg was kept busy for over an hour reserving seats, each person in line having the privilege of taking ten seats and nearly every one took advantage of the same.

In spite of the large sale there are still many desirable seats left and persons who have not yet secured reservations had better do so immediately as there will undoubtedly be a sell out before the curtain goes up at 8.15 o'clock Thursday evening. Every seat at a minstrel show is a good one and the last row in the Auditorium is prefreable by many to any other in the theatre.

The K. of C. minstrel will be elaborately staged and handsomely costumed. Fifty well known young men will participate, many of whom have had previous experience and who have made pronounced hits in minstrelsy. The soloists are exceptionally well trained and there are a number of comedians who are said to be a scream. The specialty numbers are all said to be clever and as a whole the minstrel is above the ordinary and will be one of the big amusement events of the season.

A Clear Complexion

Most every woman wants a nice, clear complexion, and can have it at a trifling cost.

Constipation in women is increasing to an alarming extent, and this causes poor circulation which accounts for yellow, muddy, pimply complexions which so many women are trying to overcome.

Dr. Edwards' Olive Tablets

is the one dependable remedy for bad complexions. They act on the liver and bowels like calomel, yet have no dangerous after-effect. They assist nature to throw off the impurities that get into the blood. They will surely clear up, even the most distressing condition quickly and tone up the entire system, giving a pure, fresh, ruddy skin. They are absolutely pure—easy to take and correct constipation. They act quickly, cleanse and purify—and make you feel fine. Start treatment now. Get a box from any druggist—10c and 25c.

COURT TO DECIDE IF GUARDSMEN MUST REGISTER.

New York, Oct. 24.—Before the end of the week it is expected that the supreme court will decide whether a member of the state militia who has returned from the Mexican border too late to register will be able to vote at the coming election. Arguments will be heard tomorrow in a test case brought by the law commission of Tammany Hall on behalf of two National Guardsmen, one a Republican and the other a Democrat. If the court decides that the applicants cannot vote at their legal residences the only measures by which they can exercise their right of suffrage will be to return to the border and vote as soldiers.

LECTURER SHOWS HUMANE WORK DONE IN OHIO.

Mrs. Thomas H. Bulla, instructor in the Youngstown public schools, is delivering a lecture this afternoon in the High School auditorium. Mrs. Bulla was selected by the American Humane Association to present the plan of humane education.

The lecture was secured by Mr. W. E. Hopkins of the Public Welfare Bureau of Licking county who has secured the co-operation of Superintendent Wilson Hawkins of the public schools. Mrs. Bulla will show 150 slides which are used in the Youngstown schools in the course on humane education. "Humane work is one of education rather than prosecution" is the creed of social service and the work of the Youngstown Humane society is worthy of serious consideration.

Bullet Penetrates Sheet Steel In Late Army Tests

[ASSOCIATED PRESS TELEGRAM]

New York, Oct. 24.—Army officers who have observed the tests of the new armor-piercing bullet now in progress at the Sandy Hook proving grounds are enthusiastic over the results. The bullet is of only .30 calibre and can be fired from the regulation army Springfield rifle. At a distance of fifty yards the projjejctile ploughed through a sheet of steel three quarters of an inch thick and then penetrated a silhouette target planted behind the steel plate. It is believed that one of the new bullets could be fired through from ten to twnety men standing in a row.

The bullets are tipped with a piece of steel encased in lead, which acts as a lubricator when the bullet strikes steel and thus aids penetration. The projectile which passed through targets in recent tests were but little distorted.

It is pointed out that the great value of the bullets will be against armored motor cars and against troops hiding in houses or behind other protections. One officer said that they would be of service against such instruments of war as the now famous British "tanks" which are being used on the Somme front.

GAS CLEARED FROM MINE; SEARCH FOR BODIES RENEWED.

[ASSOCIATED PRESS TELEGRAM]

Fairmont, W. Va., Oct. 24.—Exploration of the wrecked workings of Jamison Mine No. 7, which was wrecked by an explosion last Thursday entombing no less than a dozen, was continued last night, after the galleries had been cleared of gas. Two bodies were found more than half a mile from the foot of the shaft. It was believed that the others would be located before nightfall. Thirty horses killed by the explosion also have been located.

Does yours bring joy to the breakfast table?

North — East — South — West — women are solving the coffee problem.

Armies have solved it. "An army travels on its stomach" and of the army breakfast, ask any soldier what he would miss most.

One of the greatest American judges has said that unhappiness in the home commences with the first cup of poor coffee.

There is a coffee which brings a million men to breakfast "in a hurry."

Today you can introduce its rich, full flavor in your home. Serve Arbuckles' for a week and notice how much more his breakfast means to him. Bring joy to *your* breakfast table.

Today there are whole towns where Arbuckles is practically the only coffee used. In one State alone, in a year, four pounds of Arbuckles' Coffee was used for every man, woman and child in the State—four times as many pounds of coffee as the population of the State!

REGISTER FOR NEW NIGHT SCHOOL ANY TIME TOMORROW

Do YOU believe in NIGHT SCHOOLS?

Should there be equality in education?

If you do, it is up to every boy or girl over the age of 16 years, whose education have been sidetracked to lend their help to the commercial world, to register at the High school tomorrow between the hours of 8 a. m., and 8 p. m.

Supt. Wilson Hawkins' office at the school will be opened between these hours and if you desire to attend night school YOU MUST REGISTER.

The Chamber of Commerce and the Board of Education are exerting all their energy to put this movement across, which will not only be beneficial to every boy and girl in Newark who have been deprived of a great deal of needed education, but will nable something like 2,500 foreign born to secure the fundamental training for citizenship of this country.

There will be classes in all the common branches, Commercial, Mechanical Drawing, Sewing, Cooking and such other subjects as a reasonable number may desire. All communications should be addressed to Wilson Hawkins, superintendent of the Newark schools.

Manufacturers and business houses today were placing large signs throughout their places of business urging interested persons to register and every effort is being made to make the project a reality.

This is the last chance. SO REGISTER TOMORROW, BETWEEN THE HOURS OF 8 A. M. and 9 A. M.

BRITISH SHIP SUNK.
[ASSOCIATED PRESS TELEGRAM]
London, Oct. 24.—The 4,240-ton British steamship Midland has been sunk. The Midland was 380 feet long and was built in 1913.

BERLIN REPORTS EXTENSIVE AIR RAIDS ON SOMME
[ASSOCIATED PRESS TELEGRAM]
Berlin, Oct. 25. (Wireless to Sayville.)—German aeroplanes on the Somme front made more than five hundred raids on the Anglo-French positions October 22, says the Overseas News Agency. There were 26 aerial fights between German and entente allied fliers on this day and according to the news agency it is stated with certainty that in the Somme sector alone more than sixteen entente aeroplanes were shot down. In addition a number of hostile aeroplanes were forced to land behind the Anglo-French lines. The weather on the day mentioned was bright.

Of the aeroplanes shot down on Oct. 23, eleven are in German possession. The German fliers attacked with bombs and machine gun troop camps and marching columns while others flying low directed their machine gun fire on hostile trenches.

On the night of Oct. 20-21 German air squadrons dropped several thousand kilograms of bombs on the railway station of Longueau, near Amiens and on ammunition depots at Cerisy, and Marcelcave and on camps at Bray on the Somme. The railroad station at Longueau was ignited and explosions apparently from ammunition trains followed. A huge fire was visible for a long time.

On the night of Oct. 21-22 German squadrons dropped several thousand kilograms of bombs with strong effect upon the railway station of Mont Didier, on troop camps at Chnignolles, Harbonnieres and Preyart and upon troops marching to the front.

THE NEW KING CO. INSTALLS REPAIR DEPT. FOR SHOES

John C. Kreig, manager of the New King company, today announced the installation of several new machines, to be used in the new repair and manufacturing department of the store. An expert shoemaker from Columbus has been secured to handle the new department and will do strictly union work.

The machines were secured from the United Machine company and consist of a finisher, edge trimmer, sander and Goodyear stitcher. A machine for stitching uppers also is being installed

When the new department begins business, which will be in a day or so, Mr. Kreig announced that the New King company would turn out the best work possible to be given outside of a manufacturing plant. Nothing but high grade work will leave the store

NO NEED TO FEAR BALDNESS

Tells How to Make Hair Grow Thick and Lustrous on Bald and Thin Spots.

Thousands of men and women are growing bald every day and don't know the reason why. This is indeed a pity, save a hair specialist, who states that baldness usually comes from carelessness, and that anyone who gives the hair just a little attention should always have an abundance of good, healthy hair. Dandruff and dirt cause baldness by clogging the pores in the scalp, and germ the dandruff germs feeds on the prolific breeder.

The treatment is very simple. Remove the dirt by shampooing at least once in ten days to destroy the dandruff germs by frequently applying a little of the real Parisian Sage, a most efficient preparation that the best druggists everywhere are now recommending as one of the quickest and safest treatments to positively stop itching scalp and falling hair, remove all dandruff and to properly nourish and invigorate the hair roots.

Parisian Sage is also the discriminating woman's favorite hair dressing because it gives her hair a softness and luster that fascinates and compels admiration. A generous bottle costs but little from W. A. Erman, who guarantees it to you.

MAY TAKE OVER LOCAL THEATER FOR VAUDEVILLE

There are rumors that Newark is soon to be favored with vaudeville, a well known theatrical manager having been in the city for the past couple of days looking over a theatre that has been closed for some time. Nothing definite has been settled but if the lease is secured this city would become a member of a circuit which plays high class vaudevile.

The last vaudeville to be given here was at the Orpheum theatre in the Arcade, under the management of O. G. Murray. It proved popular for a time and was well patronized until some of the acts were cheapened, then the patronage dwindled, and later the house was sold and turned into a moving picture theatre.

BOOKS SPLENDID MUSICAL COMEDY FOR AUDITORIUM

That Newark is again enjoying first class prestige in the theatrical world is proven by the booking of Irene Franklin today by Manager Geo. M. Fenberg of the Auditorium theatre, in "The Melting of Molly." This big musical comedy will be shown here Saturday, Nov. 4. The company is now appearing in New York and it will stop here to break a jump between the metropolis and Chicago. Miss Franklin has a national reputation as a comedienne and singer and for the past couple of years has been appearing on the big vaudeville time. Her coming to Newark with the original New York cast adds another splendid attraction to the season's many excellent bookings.

WHEAT SCARS.
Local grain dealers are paying $1.60 per bushel for wheat today. This is the record price for wheat in Licking county in a number of years. The advance has caused many farmers to haul their grain to market.

DEMOCRATIC CANDIDATE FOR
Commissioner of Licking County.

I favor good roads at an economical expense.

Your support at the election Nov. 7, 1916, will be appreciated.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.—Advertisement.

Bad Colds from Little Sneezes Grow
Many colds that hang on all winter start with a sneeze, a snuffle, a sore throat, a tight chest. You know the symptoms of colds, and you know prompt treatment will break them up. Dr. King's New Discovery, with its soothing antiseptic balsams, has been breaking up colds and healing coughs of young and old for 47 years. Dr. King's New Discovery loosens the phlegm, clears the head, soothes the irritated membrane and makes breathing easier. At your Druggist. 50c. —Advertisement.

Keeps Her Children In Perfect Health

Dr. Caldwell's Syrup Pepsin the Family Laxative for Many Years.

Mrs. Aug. Doellefeld of Carlyle, Ill., recently wrote to Dr. Caldwell, at Monticello, Ill., that she has used Dr. Caldwell's Syrup Pepsin in her home for a number of years, and would not be without it, as with it she has been able to keep her four children in perfect health.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts on the bowels in an easy, natural way, and regulates the action of this most important function. Nearly all the sickness to which children are subject is traceable to bowel inaction, and a mild, dependable laxative, such as Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. It is pleasant to the taste and children like it, and take it readily, while it is equally effective for adults.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin.

See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.—Advertisement.

CHARGES NEWARK CIGAR INFRINGES ON WILLIAM PENN

"Do you smoke?"

Yes? All right, you may serve on the jury then.

It is possible, that, unles you can answer that question in the afirmative you will not qualify for a jury likely to be chosen to try a suit filed in federal court here yesterday, says The State Journal.

Judge, jury, witnesses, attorneys and all officially concerned in the trial probably will do what never has been permitted in the federal courtroom before—flirt with Lady Nicotine of the nebulous veils.

The case might be called "Little William Penn versus Little William Pitt."

Demand $5,000 Damages.

Both are names for 5-cent cigars, the former made by the Theobald, Oppenheimer & Co. of New York, which yesterday brought suit for $5,000 damages against John H. Swisher & Son of Newark, manufacturers of Little William Pitt.

The plaintiffs charge the Swisher company with purposely imitating shape, size and label of the Little William Penn cigar, naming their product, characterized as inferior, "Little William Pitt," and of taking advantage of the plaintiff's advertising to sell the Pitt cigar to many who might think they were buying the Penn variety.

Statements of cigar men and old smokers all over the United States were cited to prove the deception alleged. The Theobald, Oppenheimer & Co. further demanded reimbursement to the amount of the total sales thus far of the Little William Pitt, and ask the court to enjoin the Swisher company from the further sale of its alleged "imitation" William

It is expected that the plaintiff's attorneys, when the case is brought to trial, will dwell on the relative quality of the two Williams as well as on their exterior similarty.

Hence the novel question to the jurymen in this modern war of the Williams.

Peel Off Your Freckles

To remove freckles, blotches or any complexion difficulty, the best thing to do is to remove the skin itself. This is easily and harmlessly done by the application of ordinary mercolized wax. The wax peels off the defective outer skin, a little each day gradually bringing the second layer of skin to view. The new skin is beautifully soft, clear, white and young looking. Just procure an ounce of mercolized wax at any drug store and use like cold cream.

Miss Marie Kaiser, well known soprano will appear in Newark in concert on Monday evening, November 6, at 8:15 o'clock. Miss Kaiser visits Newark under the direction of The Stewart Brothers-Alward company, and on this occasion Miss Kaiser consents that Mr. Thomas A. Edison's recent laboratory re-creation of her voice be heard in comparison, as she sings at the High School auditorium. Cards of invitation to the concert have been sent to many Newark people.

The Russian government controls the prices charged for medical prescriptions.

Corns Loosen, Lift Right Off

Nothing But "GETS-IT" Will Do this to Corns and Calluses.

If you've ever had corns you've tried lots of things to get rid of them—salves that eat your toe and leave the corn remaining, cotton rings that make your corns bulge out like popeyes, scissors and knives that make corns bleed and sore, harnesses and bandages that fill up your shoe, press on the corn and make your foot feel like a paving block. What's the use? Why not do what millions are doing, take 3 seconds off and apply "GETS-IT." It dries, you put your stocking on right away, and wear your regular shoes. Your corn loosens from the toe, it lifts right off. It's painless. It's the commonsense way, the simplest, easiest, most effective way in the world. It's the national corncure. Never fails.

You Can't Hide Corn Misery. Stop Fooling Around! Use "GETS-IT" Tonight and See the Corns Vanish.

"GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Newark and recommended as the world's best corn remedy by T. J. Evans, W. A. Erman and C. T. Bricker.

Conquers Rheumatism In a Very Few Days

It is an established fact that one-half teaspoonful of Rheuma taken once a day has driven the pain and agony from thousands of racked, crippled and despairing rheumatics during the last five years.

Powerful and sure: quick acting, yet harmless: Rheuma gives blessed relief almost at once. The magic name has reached every hamlet in the land and there is hardly a druggist anywhere who cannot tell you of almost marvelous cures.

If you are tortured with rheumatism or sciatica, you can get a bottle of Rheuma from T. J. Evans or any druggist for not more than 50 cents, with the understanding that if it does not completely drive rheumatic poisons from your system—money back.

Large Seat Sale For K. C. Minstrel; Good Seats Left

Bright and early this morning a line formed in the lobby of the Auditorium theatre to secure first choice seats for the K. of C. minstrel Thursday evening. When the box office opened at 10 o'clock the line extended around the lobby and out to the door. Manager Fenberg was kept busy for over an hour reserving seats, each person in line having the privilege of taking ten seats and nearly every one took advantage of the same.

In spite of the large sale there are still many desirable seats left and persons who have not yet secured reservations had better do so immediately as there will undoubtedly be a sell out before the curtain goes up at 8:15 o'clock Thursday evening. Every seat at a minstrel show is a good one and the last row in the Auditorium is prefreable by many to any other in the theatre.

The K. of C. minstrel will be elaborately staged and handsomely costumed. Fifty well known young men will participate, many of whom have had previous experience and who have made pronounced hits in minstrelsy. The soloists are exceptionally well trained and there are a number of comedians who are said to be a scream. The specialty numbers are all said to be clever and as a whole the minstrel is above the ordinary and will be one of the big amusement events of the season.

A Clear Complexion

Most every woman wants a nice, clear, complexion, and can have it at a trifling cost.

Constipation in women is increasing to an alarming extent, and this causes poor circulation which accounts for yellow, muddy, pimply complexions which so many women are trying to overcome.

Dr. Edwards' Olive Tablets

is the one dependable remedy for bad complexions. They act on the liver and bowels like calomel, yet have no dangerous after-effect. They assist nature to throw off the impurities that get into the blood. They will surely clear up, even the most distressing condition quickly and tone up the entire system, giving a pure, fresh, ruddy skin. They are absolutely pure—easy to take and correct constipation. They act quickly, cleanse and purify—and make you feel fine. Start treatment now. Get a box from any druggist—10c and 25c.

COURT TO DECIDE IF GUARDSMEN MUST REGISTER.

New York, Oct. 24.—Before the end of the week it is expected that the supreme court will decide whether a member of the state militia who has returned from the Mexican border too late to register will be able to vote at the coming election. Arguments will be heard tomorrow in a test case brought by the law commission of Tammany Hall on behalf of two National Guardsmen, one a Republican and the other a Democrat. If the court decides that the applicants cannot vote at their legal residences the only measures by which they can exercise their right of suffrage will be to return to the border and vote as soldiers.

LECTURER SHOWS HUMANE WORK DONE IN OHIO.

Mrs. Thomas H. Bulla, instructor in the Youngstown public schools, is delivering a lecture this afternoon in the High School auditorium. Mrs. Bulla was selected by the American Humane Association to present the plan of humane education.

The lecture was secured by Mr. W. E. Hopkins of the Public Welfare Bureau of Licking county who has secured the co-operation of Superintendent Wilson Hawkins of the public schools. Mrs. Bulla will show 150 slides which are used in the Youngstown schools in the course on humane education. "Humane work is one of education rather than prosecution" is the creed of social service and the work of the Youngstown Humane society is worthy of serious consideration.

Bullet Penetrates Sheet Steel In Late Army Tests

[ASSOCIATED PRESS TELEGRAM]

New York, Oct. 24.—Army officers who have observed the tests of the new armor-piercing bullet now in progress at the Sandy Hook proving grounds are enthusiastic over the results. The bullet is of only .30 calibre and can be fired from the regulation army Springfield rifle. At a distance of fifty yards the projjectile ploughed through a sheet of steel three quarters of an inch thick and then penetrated a silhouette target planted behind the steel plate. It is believed that one of the new bullets could be fired through from ten to twnety men standing in a row.

The bullets are tipped with a piece of steel encased in lead, which acts as a lubricator when the bullet strikes steel and thus aids penetration. The projectile which passed through targets in recent tests were but little distorted.

It is pointed out that the great value of the bullets will be against armored motor cars and against troops hiding in houses or behind other protections. One officer said that they would be of service against such instruments of war as the now famous British "tanks" which are being used on the Somme front.

GAS CLEARED FROM MINE; SEARCH FOR BODIES RENEWED.

[ASSOCIATED PRESS TELEGRAM]

Fairmont, W. Va., Oct. 24.—Exploration of the wrecked workings of Jamison Mine No. 7, which was wrecked by an explosion last Thursday entombing no less than a dozen, was continued last night, after the galleries had been cleared of gas. Two bodies were found more than half a mile from the foot of the shaft. It was believed that the others would be located before nightfall. Thirty horses killed by the explosion also have been located.

Does yours bring joy to the breakfast table?

North — East — South — West — women are solving the coffee problem.

Armies have solved it. "An army travels on its stomach" and of the army breakfast, ask any soldier what he would miss most.

One of the greatest American judges has said that unhappiness in the home commences with the first cup of poor coffee.

There is a coffee which brings a million men to breakfast "in a hurry."

Today you can introduce its rich, full flavor in your home. Serve Arbuckles' for a week and notice how much more his breakfast means to him. Bring joy to *your* breakfast table.

Today there are whole towns where Arbuckles is practically the only coffee used. In one State alone, in a year, four pounds of Arbuckles' Coffee was used for every man, woman and child in the State—four times as many pounds of coffee as the population of the State!

REGISTER FOR NEW NIGHT SCHOOL ANY TIME TOMORROW

DO YOU believe in NIGHT SCHOOLS?

Should there be equality in education?

If you do, it is up to every boy or girl over the age of 16 years, whose education have been sidetracked to lend their help to the commercial world, to register at the High school tomorrow between the hours of 8 a. m., and 8 p. m.

Supt. Wilson Hawkins' office at the school will be opened between theso hours and if you desire to attend night school YOU MUST REGISTER.

The Chamber of Commerce and the Board of Education are exerting all their energy to put this movement across, which will not only be beneficial to every boy and girl in Newark who have been deprived of a great deal of needed education, but will nable something like 2,500 foreign born to secure the fundamental training for citizenship of this country.

There will be classes in all the common branches, Commercial, Mechanical Drawing, Sewing, Cooking and such other subjects as a reasonable number may desire. All communications should be addressed to Wilson Hawkins, superintendent of the Newark schools.

Manufacturers and business houses today were placing large signs throughout their places of business urging interested persons to register and every effort is being made to make the project a reality.

This is the last chance. SO REGISTER TOMORROW, BETWEEN THE HOURS OF 8 A. M. and 9 A. M.

THE NEW KING CO. INSTALLS REPAIR DEPT. FOR SHOES

John C. Kreig, manager of the New King company, today announced the installation of several new machines, to be used in the new repair and manufacturing department of the store. An expert shoemaker from Columbus has been secured to handle the new department and will do strictly union work.

The machines were secured from the United Machine company and consist of a finisher, edge trimmer, sander and Goodyear stitcher. A machine for stitching uppers also is being installed.

When the new department begins business, which will be in a day or so, Mr. Kreig announced that the New King company would turn out the best work possible to be given outside of a manufacturing plant. Nothing but high grade work will leave the store

NO NEED TO FEAR BALDNESS

Tells How to Make Hair Grow Thick and Lustrous on Bald and Thin Spots.

Thousands of men and women are growing bald every day and don't know the reason why. This is indeed a pity, says a hair specialist, who states that baldness usually comes from carelessness, and that anyone who gives the hair just a little attention should always have an abundance of good, healthy hair. Dandruff and dirt cause baldness by clogging the pores in the scalp, and germs, the dandruff germ, is a prolific breeding.

The treatment is very simple. Remove the dirt by shampooing at least once in ten days, destroy the dandruff germs by frequently applying a little of the real liquid Japan Sage, a most efficient preparation that the best druggists everywhere are now recommending as one of the quickest and safest treatments to not only stop itching scalp and falling hair, remove all dandruff and to promptly nourish and invigorate the hair roots.

Parisian Sage is also the discriminating woman's favorite hair dressing because it gives her hair a softness and luster that fascinates and compels admiration, and because it costs but little from A. A. Ervin, who guarantees it for you.

MAY TAKE OVER LOCAL THEATER FOR VAUDEVILLE

There are rumors that Newark is soon to be favored with vaudeville, a well known theatrical manager having been in the city for the past couple of days looking over a theatre that has been closed for some time. Nothing definite has been settled but if the lease is secured this city would become a member of a circuit which plays high class vaudevile.

The last vaudeville to be given here was at the Orpheum theatre in the Arcade, under the management of O. G. Murray. It proved popular for a time and was well patronized until some of the acts were cheapened, then the patronage dwindled, and later the house was sold and turned into a moving picture theatre.

BOOKS SPLENDID MUSICAL COMEDY FOR AUDITORIUM

That Newark is again enjoying first class prestige in the theatrical world is proven by the booking of Irene Franklin today by Manager Geo. M. Fenberg of the Auditorium theatre, in "The Melting of Molly." This big musical comedy will be shown here Saturday, Nov. 4. The company is now appearing in New York and it will stop here to break a jump between the metropolis and Chicago. Miss Franklin has a national reputation as a comedienne and singer and for the past couple of years has been appearing on the big vaudeville time. Her coming to Newark with the original New York cast adds another splendid attraction to the season's many excellent bookings.

WHEAT SCARS.
Local grain dealers are paying $1.40 per bushel for wheat today. This is the record price for cheat in Licking county in a number of years. The advance has caused many farmers to haul their grain to market.

Bad Colds from Little Sneezes Grow
Many colds that hang on all winter start with a sneeze, a sniffle, a sore throat, a tight chest. You know the symptoms of colds, and you know prompt treatment will break them up. Dr. King's New Discovery, with its soothing antiseptic balsams, has been breaking up colds and healing coughs of young and old for 47 years. Dr. King's New Discovery loosens the phlegm, clears the head soothes the irritated membrane and makes breathing easier. At your Druggist, 50c. —Advertisement.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.—Advertisement.

PITTSBURGH COPS MUST SALUTE FLAG SAYS NEW RULE.

[ASSOCIATED PRESS TELEGRAM]

Pittsburgh, Oct. 24.—Uniformed policemen must hereafter recognize the Stars and Stripes with a salute whenever seen on parade, according to the duty manual for 1916, issued by the department of public safety and just made public.

The object of the rule the manual expiains, in addition to proper respect for the national fag, is to inspire in all members of the police department a livlier spirit of patriotism. It is also recommended that the same honor be accorded any funeral procession, but this rule is not compulsory.

ASHBROOK FINDS STRONG SENTIMENT FOR WILSON IN OHIO

Washington, Oct. 24.—After a three weeks' close canvass of his district Representative William A. Ashbrook returned to Washington yesterday. He spent several days in every county in the district.

"I found senitment everywhere overwhelmingly in favor of Woodrow Wilson," said Ashbrook. "I only will he carry Ohio, in my opinion, but his majority will be at l[east] 100,000, and I believe his stren[gth] insures the election of Senator P[omerene], Governor Cox and the en[tire] state ticket.

"I expect a gain of five or [six] Democratic congressmen in Ohio. [In] all the Northern states are like O[hio] Wilson will be re-elected by a la[rge] slide."

The men are to remain abroad for two years.

INSPECTS ROADS AND STREETS FOR CEMENT ASSOCIATION.

Mr. Geo. W. Myers a member of the highway engineering staff of the Portland Cement Association, was in Newark yesterday for the purpose of making an examination of streets and roads.

One of the most extensive and scientific studies ever made of any type of road is being conducted by this Association of all the concrete roads in the United States. The reports are made on specially prepared blanks so that they will all be of uniform character and will present the information in the most concise form. This information will be tabulated and studied so that all of the various methods that have been used, those that have been given the best results can be noted.

The Portland Cement Association, with offices and engineers scattered throughout the country, will then be in position to advise officials and communities building concrete roads as to those methods which have proved most successful.

COMMISSIONERS WILL TAKE VOTE OF PENNSY GUARD.

[ASSOCIATED PRESS TELEGRAM]

Harrisburg, Pa., Oct. 24.—Seventeen commissioners appointed by Governor Brumbaugh to take the vote of the 10,000 Pennsylvania National Guardsmen on the Mexican border on Nov. 7, to O. K. the oath of office today and prepared to leave for Texas. One commissioner is assigned to each of the 17 commands in the field. The vote will be taken under laws enacted prior to the Presidential election of 1864 when tens of thousands of Pennsylvania soldiers were in the field.

No provision has been made by the state for wiring the returns from the border and official results will not be known until the returns are received by mail or brought home by commissioners. Contests in several congressional districts are expected to be close and the exact standing of Pennsylvania's delegation in congress may not be known definitely until after the soldiers vote is received.
